Re: WILLIS A. CARTO  
Information Concerning

The February 1956 issue, No. 5 of the publication "Right," self-described as a monthly newspaper of, by and for the American Rightwing, which lists C. W. THOMAS, editor, 418 Ellis Street, San Francisco 2, California, contains an item entitled "Open Letter to President Eisenhower," which includes a number of highly defamatory questions directed to the President. The following information concerns the background of "Right":

In November 1955 an informant who has furnished reliable information in the past submitted a letter dated October 14, 1955, on the stationery of the organization "Liberty and Property," P. O. Box 180, San Francisco, California, which was signed by [redacted]. Another source who has furnished reliable information in the past disclosed that P. O. Box 180 was listed in July 1954 to "Liberty and Property, Inc., WILLIS A. CARTO." Two other names were given as authorized to receive mail: [redacted]. The letter itself indicated an attempt to coordinate the activity of rightists' movements in the United States and mentioned the publication of the "First National List Directory of Rightist Groups" and the beginning of the publication of "Right," a new monthly bulletin. The first issue of this periodical was also furnished by the informant and listed CHARLES F. THOMAS as editor.

A pamphlet entitled "Freedom of Choice" by ALFRED BLAKE, 269 Cypress Drive, Laguna Beach, California, was submitted by the same informant in September 1954. The contents of this pamphlet supported segregation and opposed Communism. BLAKE indicated that he was the head of the organization "America Plus."

Another pamphlet by ALFRED BLAKE entitled "The Job Can Be Done" was submitted by the informant in October 1954. In this publication BLAKE indicated that "Liberty and Property" was the successor to "America Plus" and that the administration of this organization was being taken over by WILLIS CARTO of San Francisco. The address of "Liberty and Property" was listed as P. O. Box 180, San Francisco, California. The following background information concerning CARTO appeared in this pamphlet:

Re: WILLIS A. CART

"Young CART was a combat veteran in World War II, serving as an infantryman. He was wounded on Cebu (P.I.) and wears the Purple Heart. Following the war he completed a pre-law course at Denison University in Ohio and then went into the advertising department of a large business concern. Recently, one of his articles 'Washington's Farewell' appeared in the 'National Republic' published in Washington, D.C. He is a member of Toastmasters International, of the San Francisco Chamber of Commerce, and of the Congregational Church and is active in the American Legion."

In April 1955 the informant provided a pamphlet and program pertaining to the "Congress of Freedom." This informant stated that in his opinion some of the individuals listed as members of the National Advisory Committee and Board of Directors of this organization were known to him and he considered them to be at least semi-fascistic. In this regard he pointed out HERB K. HART, a member of the National Advisory Committee, and WILLIS A. CART on the Board of Directors. The informant added that CART was listed on the program as convention chairman of the organization's convention scheduled for April 25-30, 1955, in San Francisco.

In August 1955 the informant submitted a communication under the letterhead of "Liberty and Property" which listed National Committee Advisors as follows: THOMAS CUSTON, FRANK CUNNINGHAM, Gen. P. A. BEL VALLE, JAMES P. GIBSON, SR., RALPH OTTEN, WILLIS E. STONE. An enclosure to this communication is a copy of a letter addressed to Mr. BLAKE and signed by WILLIS CART describing a trip allegedly taken by the latter to contact people concerning "Liberty and Property."

In November 1955 another informant who has furnished reliable information in the past provided a leaflet indicating that the San Francisco Libertarian Forum was presenting a speech by WILLIS CART entitled "Treason and Bankrupt Foreign Policy" on October 28, 1955, in San Francisco. CART was allegedly to provide the names of the real war criminals who are still holding high office.

Another informant who has furnished reliable information in the past furnished the information in November 1955 that WILLIS CART joined the organization "Liberty and Property" and that he had recently been in contact with Nationalist leaders throughout the United States.

Re: WILLIS CART

In January 1964 an informant mentioned previously ordered a copy of the "First National Directory of 'Rightist' Groups, Publications, and Some Individuals in the United States and Some Foreign Countries" (Second Edition) from an unknown individual at 118 Ellis Street, San Francisco. The unknown individual stated that he printed this material for WILLIS CART of "Liberty and Property." The informant subsequently received the booklet through the mail. A foreword to this publication indicates that being listed in the directory does not imply acceptance or concurrence of the publisher with the viewpoint of the individual, organization, or publication listed. All those listed allegedly represent a protest to "prevailing 'leftist' political and/or social trends." Organizations, individuals, and publications listed are extremely varied and include not only conservative and anti-Communist organizations but also organizations and individuals who, to judge from their writings and publications, are of racist, anti-Semitic, and extremist orientation.

Another item furnished by the informant was a mimeographed letter from Liberty and Property, Inc., Post Office Box 180, San Francisco, dated August 1, 1956, entitled "Progress Report No. 7" and addressed to all enrollees and good friends of Liberty and Property. This letter, which has been made an exhibit in the file (105-3824-1A (18)), contains the following paragraph:

"The RECORD OF LIBERTY AND PROPERTY

"We believe that to date L and P has the most outstanding record of success of any patriotic organization. For instance, the Directory of "Rightest" groups that we publish has had a tremendous impact on the thinking of the American Rightwing. It has started innumerable thousands thinking about the mutual problems of the patriotic forces of our land as a whole, instead of as isolated groups. Consequently, it has achieved its goal of bringing all "a little closer together." Our publication "Right," has also been a terrific success in this way. Especially in view of the very severe shortage of money with which all this has been accomplished, we think that ~~our~~ record is hard to equal."

The letter was signed by BRUCE HOLMAN, Secretary, and WILLIS CARTO, Executive Director.

Box 180, San Francisco, California, and which describes itself as a monthly newsletter of, by and for the American Rightwing.

This issue carries a special article captioned, "A Liberty Lobby is Needed," by WILLIS A. CARTO, P. O. Box 5311, San Francisco, California. The actual article is prefaced with background data on CARTO, which described him, among other things, as Corresponding Secretary for the Liberty Lobby, a new concept which is attracting attention of patriots from coast to coast. It is scheduled to open in Washington July 4, 1958, or before if its budget is met earlier.

CARTO's guest article is quoted as follows:

"Washington, D. C. is an occupied city. It has been captured by an aggressive coalition of minority special interest pressure groups. The federal government is the obedient servant of its captors, which band together as the occasion demands to manipulate government forces in order to pry from the majority of Americans special privilege and power.

"There are economic, religious, racial and foreign pressure groups set up in Washington, all of them extremely well-organized and well financed. Although not all of these

minority special interest pressure groups are consistently inimical to American interests, in principle the system is bad. The entire system needs to be thrown out and a truly libertarian system re-established which will be in the interest of all the people, not just some.

"The Augean Stables need to be cleaned. A Second American Revolution is needed. But this presents many problems, the main one being simply that our side is not yet nearly strong enough nor well-organized enough.

"In the meantime, how can we cope with these grasping pressure groups? We must compete with them. We must compete with them on their own terms until such time as the entire pressure group system can be eliminated and government re-established in consistency with American traditions.

"Such a strategy requires the establishment of a beach-head on the battleground of Washington; an actual office must be set up, ready, willing and able to lock horns with the minority special interest pressure groups. Such an office must be backed up by thousands of voters. It will contact legislators on matters deemed vital to America by speaking for the citizen's whole and long-range interest, rather than his limited and shortsighted temporary interest. It will be a lobby for liberty and national sovereignty: a **LIBERTY LOBBY!**

"At present there are a few offices and individuals in Washington which do good work insofar as their limited activities allow. But a much larger and truly coordinated effort is needed, one which will utilize the cooperative effort of all of our big patriotic groups. With the backing of the membership of the biggest dozen or so groups a **LIBERTY LOBBY** will be in a position to speak out firmly for the right.

"A **LIBERTY LOBBY** will complement and supplement the grass-roots work of the various new party groups and political action groups. Far from there being any conflict

between the two types of operations, the LOBBY will work at the 'top' -- right at the seat of Federal power -- while the grass-roots groups will continue their essential work at the 'bottom' -- at the precinct and district level. Each type of operation will benefit the other. And together they will be far stronger than alone.

"A LIBERTY LOBBY will also bring Northern and Southern groups together for political action. This will pave the way for the long-overdue formal coalition of conservative forces which is so desperately needed.

"United, the patriotic forces in America can outstrip even the most aggressive and vocal of the minority special interest pressure groups. This is because every patriot-member of the LIBERTY LOBBY will be an active and outspoken member. Such is by no means the case with the much-feared labor lobby, or teachers' lobby, or the racial lobbies. Most individual members of these lobbies are themselves too good Americans to want special favors and hand-outs at government expense. In spite of their bombast, the minority special interest pressure group bosses do not speak for all of their members.

"Now is the time for Americans to organize together in order to accomplish what we cannot accomplish alone. Now is the time for a LIBERTY LOBBY!"

RATING: N Q

Liberty & Property, Inc., a California corporation, chartered July 30, 1954, no capital stock. Local corporate records have no details regarding this corporation.

Repeatedly efforts, latterly of April 6, 1956 to interview Willis A. Carto, President and reported principal of this concern, unsuccessful. Messages left have brought no response to date.

At captioned address is maintained only a mail box bearing the name Liberty & Property, Inc. and Willis A. Carto. Mail box located on the premises 420 Ellis St. of Ace Printing Co., a proprietorship of A. D. Olinger. Extent of relations between subject concern and that of Ace Printing Co., if any, not determined. Sources interviewed at 420 Ellis St. unable to provide any details, regarding subject business and referred only to Carto.

Outside investigation locally has revealed the following details: Carto is in late 20's, single, reported originally from Mansfield, Ohio. Maintains his residence at 1312 Jackson St., San Francisco and also local telephone listings show him at that point. On calls, however, it was found to be a telephone answering service and messages left have not been returned.

Reportedly studied at Dennison College, and was for a short time employed by Prector & Gamble in Cincinnati, Ohio. First known locally November, 1952, was employed February, 1952 until November, 1952 by Household Finance, 945 Market St., San Francisco as an outside representative. Resigned that employment and reportedly became employed by local banking institution where he remained for a short time. Subject's activities for the past several years not determined.

Sources consulted said this business is that of publishing a monthly political news letter, however, details regarding the publishing or distribution not known.

Local bank found commercial account opened September, 1954 under the name Liberty & Property, Inc. which account is averaging in low three figures, non-borrowing and relations satisfactory. No personal accounts maintained in the name of Willis A. Carto, however, he is the only signer on the corporation account.

One local supplier is found who reports having sold account approximately one year, last sale March 9th, sales averaging about \$100 monthly. A discount payment record maintained and account well regarded. That source unable to provide any additional details.

No other details available sources consulted and lack of any further information prevents close analysis.

One supplier on April 6, 1956 reports high credit \$100 monthly; payments discount on 3% 10 day terms. Sold one year to March 9, 1956.

SUBJECT: BOMBINGS AND ATTEMPTED BOMBINGS  
(SINGLE FINGERPRINT EXPLOSIVES FILE)  
RACIAL MATTERS

Bureau has established a single fingerprint file of fingerprints of known or potential users of explosives in racial matter crimes.

The Bureau desires:

1) Names and aliases;  
2) Descriptions and FBI or arrest numbers,  
of persons in so-called "hate groups" who might be inclined to violence such as bombings.

Concerning our current investigations, it does not appear they possess the requisite of being "inclined to acts of violence," on the basis of available data. However, if investigation does show such inclination, their names and identifying data must be promptly furnished the Bureau, attention Identification Division, for inclusion in the Single Fingerprint Explosives File.

CARTO FILE

STATEMENT BEFORE THE FOREIGN POLICY SUBCOMMITTEE ON RESOLUTIONS, REPUBLICAN NATIONAL CONVENTION, AUGUST 15, 1956.

I am Willis A. Carto and I represent WE, THE PEOPLE, a national political-action group, and the CONSERVATIVE REPUBLICAN HEADQUARTERS, which is located at 1263 Market Street here in San Francisco for the convenience of conservative Republicans visiting this Convention as delegates or spectators. The former group has just secured the signatures of 100,000 persons on this Petition I hold in my hand. It will be presented to the Convention as a whole. It is for these 100,000 voters, as well as for the estimated 2000 persons who will visit our Headquarters and register there, that I present this statement:

Billions of dollars of taxpayers' money have been and are still being given away to foreign countries. Two effects of this has been to prop up socialist governments and to prevent the balancing of our own budget. Another effect apparently has been the purchase of dozens of American firms by aliens who somehow divert our "aid" money for this purpose. Further foreign spending should be confined to strictly essential military purposes which are in the interests of the United States, instead of opposed to them. Obviously, this would rule out the insane aid to Red Yugoslavia by the present Administration; aid which--if I recall the words of Republican Senator Jenner correctly--"border on treason."

For years our foreign policy has been opposed to the vital interests of the United States and the present Administration has continued this New Deal policy. Embroiling ourselves in the ancient hatreds and strifes of the world, our foreign policy is the sole cause of the horrifying rise of the Godless Communist Powers. At the present time, our meddling only seems to fit into the plans of these Powers for further world conquest.

To start with, we must immediately withdraw from the inept but subversive United Nations and all of its related organizations, and all UN property, employees and spies must be removed from American soil.

We support a Bricker Amendment with teeth in it and deeply regret the present Administration's bitter opposition to this sensible protective measure.

The "Status of Forces" Treaty, which denies the protection of the Constitution to American servicemen who are presumably fighting for that Constitution, must cease to receive support from the present Administration and must be rescinded.

We are opposed to fighting anybody's wars in the Mid-East.

discloses that WILLIS A. CARTO, [redacted] [redacted] were the individuals listed to receive mail at Post Office Box 247 during the years of 1955 and 1956. A check of the "Right" pamphlet for 11/58 discloses that the name [redacted] no longer appears on this publication as the [redacted]. It is entirely possible that the name [redacted] could be a pseudonym for WILLIE CARTO, the prime mover of the organization "Liberty and Property." In any event, there is no information that a [redacted] has ever done any overt act other than being the [redacted] of this pamphlet. Since the organization of "Liberty and Property" has not been shown as the type of organization advocating violent acts such as bombings and acts of violence against minorities, it does not appear that [redacted] (even should he exist) should be recommended for inclusion in any DETRO classification.

RECOMMENDATION: Close case.

After high school, the subject entered the United States Army and served in numerous campaigns in the Far East. He reportedly was wounded and received the Purple Heart. After his military service, he attended Dennison College. The source did not recall as to whether he graduated. After this, he was affiliated with Proctor and Gamble, Cincinnati, Ohio. He later terminated this position, and around 1950 or 1951, he went to Florida for a couple of months and "knocked around." During this brief period of time, he was believed to have bellhopped at a hotel in Florida, possibly Miami or Miami Beach. Subsequent to this, he gained employment with the Household Finance Company, city unknown, and later transferred with the company to their San Francisco Office. He later ceased this employment and commenced his own printing concern which she understands to be the printing of leaflets, folders, etc., for others. He continues in this latter line.

The source reported the subject has never spent any time in Mansfield except for visits and vacations during the time he was attending school. During contacts with him and with the family, she has never had any reason to question his loyalty. She noted the subject appears very independent and apparently "lives within himself." He is possessed of a good personality and is likable. She mentioned the subject is very ambitious. During November, 1958, he married a German girl who has possibly been in this country a short period of time. She is in San Francisco, California, and employed. Her name is unknown. The marriage occurred in Las Vegas, Nevada. According to the source, the CARTO family was very much surprised when learning of the marriage, not having known of the girl beforehand.

The source added the CARTO family is of excellent character and reputation. [REDACTED]

Re letter from Chicago dated 1/29/59.

The title of this case is being marked "changed" to add the nickname "Al" by which WILLIS ALLISON CARTO was known in high school.

On 2/5/59, Mrs. JANE FREIBURGER, Clerk, Records Bureau, Fort Wayne, Indiana Police Department, advised she could find no references to WILLIS ALLISON CARTO.

On the same date [redacted] Pennsylvania Railroad, Fort Wayne, advised that his office had furnished its only information on CARTO to the railroad's police office in Chicago, Illinois, when an inquiry by the FBI was made there. [redacted] said CARTO would have been only 17 years old when he was fingerprinted as an applicant in 1943 and this should be the reason he was not hired. [redacted] also stated it is not unusual for an applicant not to show up for work after being fingerprinted.

b6  
b7c

The 1944 Fort Wayne City Directory reflects a WILLIS F. CARTO at 4707 South Calhoun Street; no WILLIS CARTO is currently listed.

Mrs. HULDA HAGERFELD, Credit Bureau of Fort Wayne, Inc., advised that her records reflected that a WILLIS F. CARTO, who represents the Chatfield Paper Company, moved his family, consisting of a wife and two children, from Fort Wayne to Mansfield, Ohio, in about 1944.

Mrs. HAGERFELD said the family is still in Mansfield, as reflected by a credit inquiry made 2/3/59. She does not know subject's whereabouts. Mrs. HAGERFELD was contacted on 2/5/59.

DAYTON MUSSELMAN, attendance officer for Fort Wayne Community Schools, advised CARTO graduated from South Side High School in 1944. MUSSELMAN said CARTO rated high in his class from the standpoint of intelligence but his scholastic record was only available at South Side High School. MUSSELMAN was contacted on 2/5/59.

R. NELSON SNIDER, principal of South Side High School, advised on 2/5/59, that he recalled CARTO as a youth who had ability but who was lazy as his average, between 78 and 79%, showed.

SNIDER said CARTO had not been in any trouble in high school and engaged in few activities. The yearbook refers to him as "Al" CARTO. SNIDER said his file contains a note from CARTO's mother in 1946 in which she stated the boy had obtained entrance to Denison University, Granville, Ohio, by an aptitude test. SNIDER said he did not know what CARTO did between his high school graduation and college matriculation.

SNIDER said he knows ROBERT CARTO, brother of the subject's father, who is a well-known real estate dealer in Fort Wayne, but he does not remember anybody in the subject's family except the subject.

In view of the fact the subject apparently did not spend any of his adult life in Fort Wayne, no further investigation is being conducted in this division.

He stated that he had received some literature of an anti-Semitic nature with the pen name of "The Patriot" from various places in the country. He stated that he had not saved any of this literature. CARTO advised that he also had no knowledge of the present whereabouts of FRANCIS PARKER YOCKEY and had assumed that he was dead.

CARTO stated that his segment of those engaged in rightist activities does not indulge in hate activity, nor does it believe in engaging in any activity of an illegal nature. CARTO stated that he could not make a living with his rightist activity and was employed part time.

II. ACTIVITIES

On October 1, 1954, San Francisco T-3 furnished a pamphlet entitled "The Job Can Be Done" which stated that Liberty and Property was the successor to "Action Plus" and that the administration of this organization was being taken over by WILLIS CARTO. This pamphlet also indicated that Liberty and Property favors segregation, opposes communism and the United Nations. The address was listed as P.O. Box 180, San Francisco.

The pamphlet described CARTO as follows:

"Young CARTO was a combat veteran in World War II serving as an infantryman. He was wounded on Cebu (PI) and wears the Purple Heart. Following the war, he completed a pre-law course at Dennison University in Ohio and then went into the advertising department of a large business concern. Recently, one of his articles 'Washington's Farewell Address' appeared in the 'National Newspaper' published in Washington, D.C. He is a member of Toastmasters International, of the San Francisco Junior Chamber of Commerce and of the Congregational Church and is active in the American Legion."

On January 20, 1959, San Francisco T-4 advised that P.O. Box 180, is assigned to Liberty and Property, Inc., W. A. CARTO and was rented in July, 1954. CARTO's address at that time was 1312 Jackson Street, San Francisco, and the nature of his business was shown as "mail order."

The Articles of Incorporation filed by Liberty and Property, Inc. with the California Secretary of State, Sacramento, California, were examined on July 20, 1956. These articles, under #289632, asserted that the name of the corporation shall be Liberty and Property, Inc., whose stated purposes include the following:

"The initial business to be transacted by the corporation is formation of groups and committees for the purpose of exploring public grievances, and for the purpose of general public education on political, economic and social subjects.

"To do research in, and prepare model constitutional amendments and legislative enactments designed to inform the various citizens and members of a means of proper action for the preservation or restoration of personal liberties and property rights.

"To formulate, develop, and promote public interest and education in basic democratic principles, civil rights, and property rights through dissemination of information by all types of printed publications, radio, television and other means of dissemination of information....."

Other stated purposes generally state that it was provided for the corporation to receive, hold, and develop by prescribed means real and personal property for benefit of the corporation, to borrow money and incur indebtedness and to enter into contracts to further its objects.

These articles show that tax exemption as a civic league was granted to Liberty and Property.

SF 105-4222

ZJ/af

The original Articles of Incorporation filed by Liberty and Property July 30, 1954 lists the following as officers:

WILLIS A. CARTO, 1312 Jackson Street, San Francisco, California; ROBERT R. HOBART, 122 Graham Avenue, San Jose, California; MARY T. FALKNER, 2939 Broderick Street, San Francisco, California.

On January 30, 1956, according to Articles of Incorporation, Liberty and Property entered a change regarding its officers, which listed WILLIS A. CARTO as both President and Treasurer, and BRUCE HOLMAN as Secretary. The address was shown as P.O. Box 180, San Francisco, California, and 1615 Polk Street, Room 6, San Francisco.

On November 1, 1955, SF T-3 furnished Progress Report #5 on the letterhead of Liberty and Property, P.O. Box 180, San Francisco. This report is dated October 14, 1955 and is addressed "To All Enrollees and Good Friends of Liberty and Property." This report in part stated as follows:

"It is necessary to create a means whereby all new developments and new--as well as tried and true ideas can be expressed. L&P, being outspokenly pro-Capitalistic, believes that through the honest competition of ideas just as through the honest competition of goods the best of the lot will eventually prevail, and so result in the general welfare.

"Consequently, we are proud to announce that this marks the beginning of publication of 'Right', a new monthly bulletin, of, by, and for the American Patriotic Movement.....

SF 105-4222

ZJ/af

"In order to be effective, 'Right' intends to report, without bias or favoritism, all significant activity of the American Right Wing. As we define it, this means any organization or group which is interested primarily in one or two basic essentials qualifies for such matter. Because of the vast scope of the ideals envisioned by the groups concerned, these two criteria are necessarily negative. The two negative criteria are Anti-Marxism and Anti-Internationalism. Taken together, these two principles come close to meaning Americanism in our book."

This report identified the publication office of "Right" as 418 Ellis Street, San Francisco, and the Editor as CHARLES W. THOMAS.

This same report, under a caption "Growth of L&P", states as follows:

"In the few short months of the existence of L&P, an amazing amount of progress has been made. Step by step, our Organization Plan is being completed. New services were added constantly, all designed to build and strengthen the 'American Underground'."

On November 7, 1955, [redacted] San Francisco, a businessman, furnished the San Francisco Office with a leaflet which states it was issued by Liberty and Property, P.O. Box 180, San Francisco. This leaflet advertizes "The Second Edition of the New Enlarged First National Directory of 'Rightest' Groups, Publications and Some Individuals in the United States (and Some Foreign Countries)." This was identified

Anti-Internationalist groups!  
Libertarian groups!  
Anti-Communist and Anti-Socialist groups!  
States' Rights groups!  
Right to Work groups!  
Anti-Fluoridation groups!  
Religious groups!

On November 14, 1955, San Francisco T-5 furnished a copy of a mimeograph letter written by WILLIS CARTO, which stated that he had made a trip throughout the United States and contacted numerous Rightist Nationalist organizations and individuals. This letter also stated that CARTO was contacting groups which were against communism, against communist infiltrated state governments, the Supreme Court decision on segregation. This letter further states that he had also contacted groups called the Citizens Councils of the Southern States, which are against desegregation. The letter stated that the purpose of his trip was to contact people concerning Liberty and Property with the end of gaining some important support for it. The letter indicated he had been successful in getting this support.

The February, 1956 issue of "Right", listing C. W. THOMAS as Editor, was set up in the form of an open letter to President EISENHOWER and directed numerous questions to the President. The following were included among these questions:

"Is it true that you and you alone are responsible for the surrender of Berlin to the Russians?"

"Did you cut off General Patton's gasoline so that he was unable to take the Balkans, as he was in the process of doing?"

SF 105-4222  
ZJ/af

"Did you and Harry Dexter White, who was then known to be a communist spy, hatch the Morgenthau Plan in your London headquarters?"

"Were you responsible for turning over to the Russians some 70,000 highly-trained German scientists while we received only a few hundred? Are these men responsible for building Russia to a point of aerial and atomic superiority to us?"

"Mr. President, are you responsible for the murder of some two to five million anti-Communist Russians, Poles, Balts, and Balkanese?"

On June 29, 1956, San Francisco T-6 furnished a communication on the letterhead of Liberty and Property, P.O. Box 180, San Francisco, dated June 15, 1956, which was generally circulated to the enrollees of Liberty and Property, which contained in part the following descriptive information:

"Liberty and Property, Incorporated, is lots of things, primarily it is another one of the dozens of Right Wing political action groups. Consequently, we officially favor only our 10 proposed amendments to the Federal Constitution, called the Second Bill of Rights..... The point is that 'Right' is certainly not the official L&P publication at all. 'Right' stands staunchly on its own legs under the able leadership of its editor, Bradford Martin. Moreover, our National Committee advisors are even further removed from 'Right' because each one of these leaders is con-

cerned only with their own particular amendment, which is one of the 10 in the Second Bill of Rights. So you can see although L&P publishes 'Right' as a service to the American Right Wing, it is not in any way an official publication but speaks only for itself."

Records of Dun and Bradstreet, San Francisco, checked on October 31, 1958, by IC [redacted] contain a report dated April 9, 1956 on Liberty and Property, Inc., newsletter publisher, 418 Ellis Street, San Francisco. This report lists WILLIS A. CARTO as President and states that Liberty and Property has no capital stock. The report also states that numerous attempts to interview CARTO, the President and reported principal, have been unsuccessful. It also states that the 418 Ellis Street address is only a mail-box on the premises of 420 Ellis Street, the Ace Printing Company. Connection between the Ace Printing Company and Liberty and Property was unknown. The report states that inquiry was made at this company and that the inquirer was referred only to CARTO.

According to Dun and Bradstreet, this business consists of publishing a monthly political newsletter, but details regarding the publication and distribution were unknown to Dun and Bradstreet.

On October 1, 1956, SF T-3 furnished literature dated September 25, 1956 stating that the mailing address of "Right" was changed from 418 Ellis Street, San Francisco to P.O. Box 180, San Francisco.

On April 20, 1959, SF T-2 furnished a leaflet received by SF T-2 in August, 1956, which stated in part as follows:

SF 105-4222  
ZJ/af

"San Francisco Conservative Republican Headquarters, 1263 Market Street, San Francisco, California. Phone: Prospect 6-2896. Welcome! Greetings to you from your hosts." The leaflet then listed various individuals and their assignments and included WILLIS CARTO as coordinator.

The leaflet also reflected that "The San Francisco Conservative Republican Headquarters is a temporary service organism established for conservative Republicans to make their voices heard at the 1956 Republican National convention. It is sponsored by the officers, directors and friends of Liberty and Property, Inc., many of whom are listed above."

The leaflet further states that all mail should be sent to P.O. Box 180, San Francisco, until August 17, when the headquarters would open.

On August 10, 1956, San Francisco T-7 furnished an announcement captioned "San Francisco Conservative Republican Headquarters, P.O. Box 180, San Francisco." This announcement, which is dated August 3, 1956, stated that Conservative Republican Headquarters would be opened August 17, 1956 at 1263 Market Street and closed one week later on August 23, 1956. The announcement further stated that this downtown location would enable "us" to put on the kind of performance fitting for a movement which encompasses millions of patriots from coast to coast. It also stated that "we" would be able to put on a "show" in direct competition with other Market Street political headquarters "all of which are, of course, liberal."

The August 10, 1956 edition of the "San Francisco Chronicle", a San Francisco daily newspaper, page 6, contains an article entitled "Rightist Republicans to Open Headquarters at Convention Here." The article states that WILLIS CARTO, Executive Director of Liberty and Property, Inc., "a group which appears to be composed of ultra right-wing Republicans" made this announcement.

SF 105-4222  
ZJ/af

This article states that CARTO said he was not for EISENHOWER for President and that while his group had taken "no stand" on the nomination, Senators JENNER and MC CARTHY or Governor LEE of Utah are men who fit the program of his organization.

The August 24, 1956 edition of the "San Francisco Chronicle" published an article entitled "Governor LEE vs. The Income Tax." This article described "Conservative Republican Headquarters" as a vacant store at 1263 Market Street rented during the convention to serve as "a focal point for strategy in opposition to the schemes of the liberals" and "a nerve center for fast, organized action in case the unexpected happens." The article stated that among those present at a press conference was "WILLIE CARTO, the young executive director of an organization known as 'Liberty and Property' (which is footing the bill for the headquarters) who feels the U.S. should 'immediately withdraw from the impotent and subversive United Nations'."

The September 7, 1956 issue of the "San Francisco Chronicle" printed a letter to the editor from WILLIS CARTO, Executive Director, Liberty and Property, San Francisco. CARTO stated that the "Chronicle" had misquoted him in printing that CARTO stated the United Nations was "impotent and subversive" CARTO stated that what he really said was that the United Nations was "impotent but subversive. Impotent for the purpose we created it, ie, to stop war, but subversive because of the haven it is for spies and because of its anti-national propaganda and activities which are designated to throw the American people unknowingly into a world government."

On August 23, 1956, San Francisco T-8 advised that on that day [redacted]

b7D

[redacted] At this time, CARTO said that he was not against labor as labor but was against the abuses perpetrated by the officials of labor unions and the injustices that they practice on the rank and file of the

union, the general public and the employers. According to SF T-8, CARTO was against foreign aid. He said that most bankers in the United States are against this give-away program. The only bankers who are for the aid program are those who, for one reason or another, are getting some of their money back through their banks or as individuals. CARTO said he was opposed to taking part in any war in the Middle East. He said it was best for the United States to keep out of any private throat-cutting in the Middle East or any other involvements. SF T-8 further advised that CARTO also stated that they do not consider the Jews as a whole as being good Americans or capable of being good Americans. CARTO stated that they do not intend to support the Arabs either.

On August 22, 1956, WILLIAM GILCHRIST, Manager, Cliff Hotel, San Francisco, furnished a leaflet entitled "Convention News" dated August, 1956, Special Republican Convention Edition #1. Page 2 of this leaflet reflected that "Convention News" was published singularly by the Non-Partisan League for Decency in Political Candidates, P.O. Box 1076, San Francisco.

On August 23, 1956, SF T-4 advised that P.O. Box 1076 was registered to Non-Partisan League for Decency in Political Candidates ("Convention News"), NPL, address c/o "Right" newsletter, 418 Ellis Street, San Francisco. The box was rented August 8, 1956.

On April 15, 1959, SF T-4 advised the above box was discontinued July, 1957.

On October 23, 1958, San Francisco T-9 furnished the following leaflet:

"STATEMENT BEFORE THE FOREIGN POLICY SUBCOMMITTEE ON  
RESOLUTIONS, REPUBLICAN NATIONAL CONVENTION, AUGUST 15, 1956.

"I am WILLIS A. CARTO and I represent WE, THE PEOPLE, a national political-action group, and the CONSERVATIVE REPUBLICAN HEADQUARTERS, which is located at 1263 Market Street here in San Francisco for the convenience of conservative Republicans visiting this Convention as delegates or spectators. The former group has just secured the signatures of 100,000 persons on this Petition I hold in my hand. It will be presented to the Convention as a whole. It is for these 100,000 voters, as well as for the estimated 2000 persons who will visit our Headquarters and register there, that I present this statement.

"Billions of dollars of taxpayers' money have been and are still being given away to foreign countries. Two effects of this has been to prop up socialist governments and to prevent the balancing of our own budget. Another effect apparently has been the purchase of dozens of American firms by aliens who somehow divert our 'aid' money for this purpose. Further foreign spending should be confined to strictly essential military purposes which are in the interests of the United States, instead of opposed to them. Obviously, this would rule out the insane aid to Red Yugoslavia by the present Administration, aid which--if I recall the words of Republican Senator JEN correctly--'border on treason.'

"For years our foreign policy has been opposed to the vital interests of the United States and the present Administration has continued this. Ne al po Embroiling ourselves in the ancient hatreds and of the world, our foreign policy is the sole of horrifying rise of the Godless Communist. At the present time, our meddling only seems to fit the plans of these Powers for further world conquest.

SF 105-4222  
ZJ/af

"To start with, we must immediately withdraw from the impotent and subversive United Nations and all of its related organizations, and all UN property, employees and spies must be removed from American soil.

"We support a Bricker Amendment with teeth in it and deeply regret the present Administration's bitter opposition to this sensible protective measure.

"The 'Status of Forces' Treaty, which denies the protection of the Constitution to American service-men who are presumably fighting for that Constitution, must cease to receive support from the present Administration and must be rescinded.

"We are opposed to fighting anybody's wars in the Mid-East."

On April 20, 1959, SF T-2 furnished a leaflet received by SF T-2 in January, 1956 entitled "Liberty and Property, P.O. Box 180, San Francisco, California. This leaflet was dated January 10, 1955, although SF T-2 advised that from the contents of the leaflet it appeared to be mis-dated and should be dated January 10, 1956. The leaflet was addressed to "Dear Bay Area Patriot" and stated in part as follows:

"Remember the We the People convention in Chicago about three months ago? It was called for political action and patriots from coast to coast attended. There were over 600 of them there. In three days they worked out an organizational foundation upon which a National movement could be built.

"Well the time has come for bay area action on that foundation.

"Mr. WILLIS E. STONE, Western Director of We the People and President of the American Progressive Foundation of Los Angeles, is coming to the bay area next

week. While here, Mr. STONE plans to work with local patriots to establish an effective organization of all who want to help the American cause in the crucial election battle ahead."

This leaflet is signed BRUCE HOLMAN, Secretary, and WILLIS CARTO, Executive Director.

On September 11, 1957, SF T-3 furnished a copy of the September, 1957 issue of "Right" edited by BRADFORD MARTIN, P.O. Box 180, San Francisco. This issue carried a special article captioned "A Liberty Lobby is Needed" by WILLIS A. CARTO, P.O. Box 5311, San Francisco, which is quoted as follows:

#### "SPECIAL GUEST ARTICLE

"WILLIS A. CARTO's past responsibilities include being Executive Director of LIBERTY & PROPERTY, Inc., a Regional Vice-President of WE, THE PEOPLE, and Secretary for the CONGRESS OF FREEDOM. During the San Francisco Republican Convention he set up and directed the CONSERVATIVE REPUBLICAN HEADQUARTERS, which was visited by many hundreds of delegates and visitors. He is also the originator of the First National DIRECTORY of 'Rightist' Groups, which is going into its Third Edition at this time.

"He is now Corresponding Secretary for the LIBERTY LOBBY, a new concept which is attracting attention of patriots from coast to coast. It is scheduled to open in Washington July 4, 1958, or before if its budget is met earlier.

#### "A LIBERTY LOBBY IS NEEDED

"BY WILLIS A. CARTO

"(P.O. Box 5311, San Francisco 1, Calif.)

SF 105-4222

"Washington, D.C. is an occupied city. It has been captured by an aggressive coalition of minority special interest pressure groups. The federal government is the obedient servant of its captors, which band together as the occasion demands to manipulate government force in order to pry from the majority of Americans special privilege and power.

"There are economic, religious, racial and foreign pressure groups set up in Washington, all of them extremely well-organized and well-financed. Although not all of these minority special interest pressure groups are consistently inimical to American interests, in principle the system is bad. The entire system needs to be thrown out and a truly libertarian system re-established which will be in the interests of all the people, not just some.

"The Augean Stables need to be cleaned. A Second American Revolution is needed. But this presents many problems, the main one being simply that our side is not yet nearly strong enough nor well-organized enough.

"In the meantime, how can we cope with these grasping pressure groups? We must compete with them. We must compete with them on their own terms until such time as the entire pressure group system can be eliminated and government re-established in consistency with American traditions.

"Such a strategy requires the establishment of a beachhead on the battleground of Washington; an actual office must be set up, ready, willing and able to lock horns with the minority special interest pressure groups. Such an office must be backed up by thousands of voters. It will contact legislators on matters deemed vital to America by speaking for the citizen's whole and long-range interest, rather than his limited and shortsighted temporary interest. It will be a lobby for liberty and national sovereignty; a LIBERTY LOBBY!

"At present there are a few offices and individuals in Washington which do good work insofar as their limited activities allow. But a much larger and truly coordinated effort is needed, one which will utilize the cooperative effort of all of our big patriotic groups. With the backing of the membership of the biggest dozen or so of groups a LIBERTY LOBBY will be in a position to speak out firmly for the right.

"A LIBERTY LOBBY will complement and supplement the grass-roots work of the various new party groups and political action groups. Far from there being any conflict between the two types of operations, the LOBBY will work at the 'top' - right at the seat of federal power - while the grass-roots groups will continue their essential work at the 'bottom' - at the precinct and district level. Each type of operation will benefit the other. And together they will be far stronger than alone.

"A LIBERTY LOBBY will also bring Northern and Southern groups together for political action. This will pave the way for the long-overdue formal coalition of conservative forces which is so desperately needed.

"United, the patriotic forces in America can outstrip even the most aggressive and vocal of the minority special interest pressure groups. This is because every patriot-member of the LIBERTY LOBBY will be an active and outspoken member. Such is by no means the case with the much-feared labor lobby, or teachers' lobby, or the racial lobbies. Most individual members of these lobbies are themselves too good Americans to want special favors and hand-outs at government expense. In spite of their bombast, the minority special interest pressure group bosses do not speak for all of their members.

"Now is the time for Americans to organize together in order to accomplish what we cannot accomplish alone. Now is the time for a LIBERTY LOBBY!"

On April 22, 1955, SF T-3 furnished a leaflet on "The Congress of Freedom Convention" to be held April 25 through 30, 1955 at Veteran's War Memorial Auditorium, San Francisco. This leaflet described the Congress of Freedom as "a coalition of patriotic American organizations which are concerned with increasing tendencies towards internationalism through the United Nations." The name WILLIS A. CARTO was one of 24 names listed under Board of Directors.

The April 21, 1955 issue of the "San Francisco Chronicle", page 7, column 1, reflects that according to ROBERT T. LE FEVRE, the Congress of Freedom, which was to meet in San Francisco in the coming week, was set up about five years ago as a "coalition of what are known in modern parlance talk as right-wing organizations", about 500 of them in all. The article reflected that as LE FEVRE answered questions, it developed that the Congress does not consist of organizations at all, but of 500 individuals who are affiliated with various organizations. These individuals may or may not be official representatives of those organizations, according to the article. The article also stated that LE FEVRE conceded that if you eliminate local chapters of national organizations, then maybe only 100 or so organizations are involved. The article further identified Liberty and Property, Inc. as one of the organizations to be represented officially, according to LE FEVRE.

The article stated that LE FEVRE appeared in San Francisco the day before at the helm of the Congress of Freedom.

The May 1, 1955 issue of the "San Francisco Chronicle", page 14, column 2, reflects an article entitled "'Congress of Freedom' Ends with Clash on Religious Issue." This article stated in part that "the 'Congress of Freedom', a 'coalition of right-wing forces' concluded its week long meeting here yesterday with a series of resolutions, blasting the United Nations, its agencies and its supporters in the United States.

SF 105-4222  
ZJ/af

"Before the resolutions were approved, however, the 80 to 100 voting delegates beatdown two attempts to change language so as to avoid offending non-Christians."

On September 18, 1957, SF T-3 furnished the first National directory, third edition, which is self-described as a directory of "Rightist" Groups, Publications, and some Individuals in the United States (and Some Foreign Countries.) This directory included Liberty Lobby, Box 5311, San Francisco, California, WILLIS A. CARTO, Corresponding Secretary.

On January 20, 1959, SF T-4 advised that P.O. Box 5311 was rented July, 1957 and is assigned to W. A. CARTO. His business was indicated as "Publicity."

On October 31, 1958, SF T-6 furnished the November, 1958 issue of "Right", from which resumes of several articles are set out as follows:

One article entitled "Northern League Office Opened" reflected that the first North American Office of the Northern League had been established in Sausalito, California. The article stated that "the object of the Northern League is cultural; to create better relations between 'white' people of all nations. In this way, the mutual misunderstandings will be eliminated, which have so far resulted in two terrible world wars and which now weaken the resistance of Christendom in its fight for survival."

The article further stated that "N.B. HOLT, Sausalito resident, has been named local organizing secretary of the branch. Dr. E. L. ANDERSON, brilliant retired professor and author whose articles have often appeared in 'Right' will assist in organizational work.

"Mailing address is P.O. Box 67, Sausalito, California. Dues are \$3 per year. Members are placed

SF 105-4222  
ZJ/af

on the mailing list of 'The Northlander', monthly news review of Pan-Nordic Affairs, and receive free league literature and consultations."

Another article entitled "Our Foreign Policy is Outdated" was written by WILLIS A. CARTO. In this article, CARTO criticized President EISENHOWER and Vice-President NIXON for allowing the Russians to get so far ahead of the United States in many military projects, and also, for allowing the USSR to steal many of the military secrets of the U.S. military forces.

On October 31, 1958, SF T-6 furnished a leaflet on the aims and principles of the Northern League. This leaflet reflects the California Office to be P.O. Box 67, Sausalito, California, USA and the head office to be 23, Rolland Square, Dunfermline, Scotland.

On December 30, 1958, San Francisco T-10 advised that the CARTO family consists of the Subject, WILLIS ALLISON CARTO, who is also referred to as AL CARTO, his father, WILLIS F. CARTO, his mother, LOUISE CARTO [redacted] The parents reside at 495 South Russell Road, Mansfield, Ohio. The Subject's family went to Mansfield, Ohio, in about 1943 from Fort Wayne, Indiana. At that time, the Subject was a senior in high school and remained in Fort Wayne to graduate. After high school the Subject entered the U.S. Army and served in numerous campaigns in the Far East. He reportedly was wounded and received the Purple Heart. After his military service, he attended Dennison College. After this he was affiliated with Proctor and Gamble, Cincinnati, Ohio. He later terminated this position and around 1950 or 1951 he went to Florida for a couple of months and "knocked around." During this brief period of time, he was believed to have been bell-hopping at a hotel in Florida, possibly Miami or Miami Beach. Subsequent to this, he gained employment with the Household Finance Company, city unknown to SF T-10, and later transferred with the company to their San Francisco Office. He later ceased this employment and commenced his own printing concern, which SF T-10 understands to be the printing of leaflets, folders, and so forth for others. SF T-10 added that during November, 1958 the Subject married a German girl who had been in this country only a short time.

b6

On April 20, 1959, SF T-2 advised that CARTO was a World War II veteran and that CARTO endeavored to secure an appointment to the Subversive Activities Commission of the California Department of the American Legion in 1957 and was quite bitter over an alleged broken promise for the District Commander's recommendation. The Subversive Activities Commission turned down his appeal to them as not falling within their jurisdiction.

She stated she had noticed only one constant visitor, a gray-haired woman.

On March 20, 1959, the Subject was interviewed by SAs [redacted] and FRANK S. PERRONE, at which time the Subject advised that he had received some literature of an anti-Semitic nature from various places in the country, from an individual with the pen name of "The Patriot." He stated he wondered who "The Patriot" might be inasmuch as most persons who engage in Rightist activities do not attempt to conceal their identities. He stated he had not saved any of this literature. He further advised that his segment of those engaged in Rightist activities does not indulge in hate activity nor does it believe in engaging in any activity of an illegal nature.

From a review of this case it is not apparent that there is sufficient probable cause to justify an active investigation. Investigations of this type are generally limited to individuals or organizations concerning whom there is some clear indication of advocating, condoning or inciting violence for the purpose of denying others their constitutional rights. In the absence of information indicating that Carto has a potential for violence under these standards, investigation should be discontinued and auxiliary offices should be advised that the case has been closed administratively.

If your office is in possession of information indicating that Carto has a potential for violence, the Bureau should be immediately advised in full detail.

RACIAL MATTER

On this date [redacted] came to the office to report information regarding subject. He said he first met subject recently in connection with his interest in the organization known as the Christian Anti-Communism Crusade, which [redacted] considers a legitimate organization. He said that after his first meeting with CARTO, he received some literature in the mail directed to him by CARTO, and he considers that some of the items received "are anything but legitimate and are definitely un-American". He said he feels that CARTO uses his connection with the Christian Anti-Communism Crusade to gain the confidence of people and then feeds "this stuff" about "racial hatred". He made available the following four items which he does not want returned:

1. Post card to [redacted] from CARTO. (received in mail by [redacted])
2. Application blank for Christian Anti-Communism Crusade (rec'd in mail by [redacted])
3. Printed sheet headed "Who Cares?" (sent to [redacted] from Carto)
4. Pamphlet entitled, "A Valuable Book-List", bearing the stamp The Northern ~~Box~~ League, PO Box 67, Sausalito, Calif. (sent by Carto)

[redacted] pointed out that he had been the one to underline the items in red.

The foregoing is submitted for record purposes only and no further action is recommended.

To: [redacted]

From: [redacted]

Date: 7 April 1960

My local contact called me to share the following:

The Northern League has two headquarters. One is in Scotland and the American Branch is at Box 67, Sausalito, California. The reputed American leader of this group is one Willis Carto, Box 186, San Francisco, California.

The Northern League creates two publications. One, for European use, is called The Northlander and is published in Calcutta, India. The other publication is called The Northern World and lists 569 Boyd Street, Chase City, Virginia, as its office. [redacted]

[redacted] Both of these rascals are now affiliated with The Northern World and [redacted]

[redacted] They are not, as previously reported, real estate salesmen .... or at least not licensed to sell real estate. They apparently place customers for desirable industrial property in touch with persons selling industrial property and receive a commission as brokers. No license is required for this activity.

The fact that [redacted] mailed NSRP material with Northern World material makes better sense now.

Regards.

Records of the Passport Office, U. S. Department of State, 375 O'Farrell Street, San Francisco, California, reviewed on October 13, 1960, reflect that WILLIS ALLISON CARTO, born July 17, 1926, at Fort Wayne, Indiana, applied for a passport on October 10, 1960. CARTO indicated his approximate date of departure as April 1961, and indicated the purpose of his trip as a vacation. He proposed to stay three to six months, and listed countries to be visited as the United Kingdom, Scandinavia, Germany, France, Italy, Spain, and others. He also indicated that he would depart by air and return by other means. He described himself as 5'11; brown eyes; brown hair; scar on right forearm, and a salesman. He listed his permanent address as 495 Russell Road, Mansfield, Ohio, and he listed the person to be notified, in the event of death, as follows:

Father - WILLIS FRANK CARTO, 495 Russell Road,  
Mansfield, Ohio.

His father was born August 6, 1905, Fort Wayne, Indiana, and is a United States citizen. His mother, DOROTHY LOUISE CARTO, was born January 23, 1906, at Cleveland, Ohio, is a United States citizen, and resides with his father.

CARTO advised he was married November 15, 1958, to [redacted] She is not a United States citizen, and she resides at [redacted]

WILLIS A. CARTO was listed as one of three persons in the original Articles of Incorporation filed by Liberty and Property, Inc., on July 30, 1954. Progress Report #7, dated August 1, 1956, on the letterhead of Liberty and Property, Inc., Post Office Box 180, San Francisco, California, identified WILLIS CARTO as Executive Director of Liberty and Property.

A communication dated June 15, 1956, on the letterhead of Liberty and Property, Inc., Post Office Box 180, San Francisco, described Liberty and Property, Inc., as primarily "another one of the dozens of Right Wing political action groups."

A photostat copy of a letter written by WILLIS CARTO in 1955 reflected he had made a trip throughout the United States and contacted numerous Rightist Nationalist organizations and individuals. This letter also stated that CARTO was contacting groups which were against communism, against communist infiltrated state governments, the Supreme Court decision on segregation, and the letter further stated that he had also contacted groups called the "Citizens Councils of the Southern States," which were against desegregation. The letter stated that the purpose of his trip was to contact people concerning Liberty and Property, Inc., with the end of gaining some important support for it. The letter indicated he had been successful in getting this support.

b7D

A leaflet entitled, "The Second Edition of the New Enlarged First National Directory of 'Rightist' Groups, Publications and Some Individuals in the United States (and Some Foreign Countries)," received in November 1955, reflected that this Directory of "Rightist" groups, publications, and some individuals, described in the title, was being published for sale as a special service by Liberty and Property, Inc., Post Office Box 180, San Francisco, California. A partial list of the attractions in this Directory included the following:

- Anti-Internationalist groups.
- Libertarian groups.
- Anti-Communist and Anti-Socialist groups.
- States' Rights' groups.
- Right-to-Work groups.
- Anti-Fluoridation groups.
- Religious groups.

Progress Report #5, dated October 14, 1955, on the letterhead of Liberty and Property, Inc., Post Office Box 180, San Francisco, reflected that it was necessary to create a means whereby all new developments and new, as well as tried and true, ideas could be expressed, and consequently, "We are proud to announce that this marks the beginning of publication of 'Right,' a new monthly bulletin of, by, and for the American Patriotic Movement. In order to be effective, 'Right' intends to report, without bias or favoritism, all significant activity of the American Right Wing. As we define it, this means any organization or group, which is interested primarily in one or two basic essentials, qualifies for such matter. Because of the vast scope of the ideals envisioned by the groups concerned, these two criteria are necessarily negative. The two negative criteria are Anti-Marxism and Anti-Internationalism. Taken together, these two principles come close to meaning Americanism in our book."

The September 1960 issue of "Right" was self-described as the last issue of "Right."

The October 31, 1958, issue of "Right" contains an article entitled, "Northern League Office Opened," which article reflects that the first North American Office of the Northern League had been established in Sausalito, California. The article stated that, "The object of the Northern League is cultural; to create better relations between 'white' people of all nations. In this way, the mutual misunderstandings will be eliminated, which have so far resulted in two terrible world wars and which now weaken the resistance of Christendom in its fight for survival."

The article further stated that, "N. B. HOLT, Sausalito resident, has been named local organizing secretary of the branch. Dr. E. L. ANDERSON, brilliant retired professor and author, whose articles have often appeared in 'Right,' will assist in organizational work. Mailing address is P. O. Box 67, Sausalito, California. Dues are \$3.00 per year. Members are placed on the mailing list of 'The Northlander,' monthly news review of Pan-Nordic Affairs, and receive free league literature and consultations."

On December 17, 1958, [redacted] advised that he had determined, through conversations with WILLIS A. CARTO, that WILLIS CARTO, who published "Right," used the pen name Professor E. L. ANDERSON. [redacted] stated that

b6  
b7C

material written under the pen name of Professor E. L. Anderson by WILLIS CARTO had appeared in various editions of the newsletter, "Right." [redacted] further stated that in the past he had been requested by WILLIS CARTO [redacted] [redacted] for an organization known as the "Northern League." He related that in his capacity as [redacted] for the "Northern League." [redacted]

[redacted] commented that the [redacted] for the "Northern League" involved too much time, and [redacted]

[redacted] He said all mail directed to the "Northern League" would thereafter be directed to WILLIS CARTO, Post Office Box 180, San Francisco, California.

Gentlemen:

I wish to inform you that there is an organization at 201A - 11th Street, known as Liberty Lobby. The P.O. Box # is 5311, S.F.

I do have suspicions that this is a German organization and is collecting funds from all over the U.S. presumably for lobbying, but merely as a cover - up for more nefarious activities.

Mail is received there under the name of [redacted] and most of the people on the mailing lists are German sounding. Also the people whose names they submit are german sounding.

The secretary told me personally she wished that Hitler had won the war, etc. etc.

At night, some German chap comes in here to work and enclosed is a circular that he sends out.

There are pictures of the Kaiser on the wall, many german books around, 'Faubus for President' placards.

A newspaper called the Independent comes here daily. It is published in New York, and comes here under the name of [redacted] also.

This lobbyist's name is Willis Carto, and the Washington DC address is 998 National Press Building, Washington, 4 D.C.

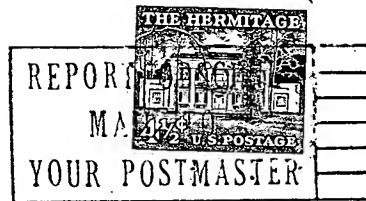

Please pardon this hastily typed note.

### EUROPA AND THE BULL

A recent issue of postage stamps on the continent symbolises the new De Gaulle-Adenauer movement towards a united Europe by a picture of the maiden Europa riding on a bull.

This false allegory illustrates the cultural ignorance of those who lead Europe today. The mythological story of the rape of Europe, although retold in the Iliad, bringing in the name of Zeus, was derived from non-European sources, and the similarity between the name Europe and that of the maiden Europa is entirely coincidental.

Europa was the daughter of the Phoenecian King Agenor, and the bull is the bull of Anu, a Semitic God, which, having induced the maiden Europa by a show of tameness to climb upon its back, swam off through the sea with her to the island of Crete, where she bore three children to her assailant.

The eldest of the three children was Minos, who annually caused seven Athenian youths and seven Athenian maidens to be thrown alive to the Minotaur, until the latter was finally killed by the Nordic-Greek hero Hercules.

There is nothing inspiring, pleasant or even European about the story (except the slaying of the Minotaur by the European hero Hercules) and the mere similarity of names should not mislead us into adopting an alien and revolting legend to symbolise a resurgent Europe. Ironically an Adenauer-De Gaulle victory would indeed result in the raping of a captive Europe by the bull Anu!

*continued from column 3*

and by public confession to be taught so as to achieve a purely political end — the destruction of the racial type of the German nation.

# Germany Under The Equalitarian Jackboot

## "LIBERALS" PLOT THE END OF A TEUTONIC NATION

GERMANY is now truly under attack from both external and internal forces. Paralysed as Germany is by partition and the Communist giant on her borders, "liberals" are now taking advantage of the international position to de-racialise the country both intellectually and practically.

At least, the liberals are **trying** to do this.

But the **Northlander** believes their efforts will have just the reverse effect, for there is something in every Teutonic heart which invariably cries out against repression. Although there is already much submissive non-Teutonic blood in Germany, the Teutonic element is still strong, and will resist the equalitarian jackboot as it has always resisted slavery and oppression.

### LIBERAL PLANS

To destroy the German people racially, the liberals are now urging the admission of Asian and African workers into Germany, ostensibly "to aid the German economy." Yet they know that in the long run nothing would destroy the German economy more effectively than the destruction of the entire German race by intermarriage with the alien immigrants which are now being planted on German soil.

The latest scheme is the importation of 10,000 Pakistani labourers! These, added to the numerous half

Negro children left behind by American Negro troops during the occupation, would have an enormous effect on the character of the German population within just two generations.

### BRAINWASHING CHILDREN

On the intellectual side, the destruction of the Nordic race in Germany is to be aided by brainwashing the children in the schools, **and even the universities!** Freedom of intellectual life in educational institutions is to come to an end.

To achieve this brainwashing, a "Commission of Enquiry on Civil Liberties" has been formed, consisting of twelve men, for the express purpose of limiting the civil rights of freedom of speech and thought in places of higher education. This Commission will advise the Government on teaching in schools and colleges as a means of combatting "religious intolerance" and "racial prejudice." What could be more intolerant or even more prejudiced than this latter aim?

History in Germany is now openly *continued in column 1*

## EAST GERMANY

### 1. Facts.

Figures are now available on the number of farmers and farm-workers who have fled the Soviet zone of Germany during this year. The final compulsory phase of collectivisation was instituted in the first months of this year and in this time 2,715 farmers who formerly owned and operated farms in Central Germany fled to the West. This amount shows an increase of 296 per cent over the same period in 1959. Since January 1954 a total of 17,676 farmers and 10,625 members of their families have abandoned their homes and sought refuge in the Federal Republic. In addition some 49,126 farm-workers have also fled to the West during this period.

### 2. Farce.

An outrage was discovered by the Folk Art section of the Soviet Zone Communist Party's Cultural Affairs Board recently. There was consternation when it was found that a school text book for teaching the recorder contained music that was rife with "reactionary bourgeois aesthetic and rank chauvinism"! There were only three tunes of "proletarian nature" while some twenty-five were all historic folk-songs written long before Karl Marx formulated his inferiority complex. Worse still, it was found that the editor of the book had expressed a notion about "art for art's sake" when it is well known that this theory only serves the purposes of "decadent capitalism" and that art is for the party's sake alone!

## The Future of our Race — 8

# THE RACIAL FUTURE IN AMERICA

By Edward Langford

WITH two great powers, Russia, and the United States of America, dominating the world today, the attitude of both these countries to our Race is of the utmost significance. Although in the recent Olympic sports in Rome, Russia was represented mainly by Nordic-Slav competitors, and the United States to a considerable extent by Negroes, the fact remains that at the present time the Government of the Soviet Union still follows Communist race-mixing theories — even to the extent of pretending that the biological heritage is totally insignificant in human affairs — while the United States still contains a majority population of Nordic or North European descent, and so might be expected to work loyally for the preservation of our white race.

What is popularly called the "White Race" is, of course, primarily of "Nordic" or North European origin, for it was the British, Germanic and Scandinavian peoples who established the old kingdoms of France, Italy and even once dominated the Spanish scene. It was the British, Germanic and Scandinavian family of nations, also, who pioneered the establishment of the "White" peoples in North America, and who by demanding their ancient Nordic rights of individual freedom and self-government, won freedom for the United States of America and also for the now independent dominion of Canada, in just the same way that their Saxon and Viking ancestors in Britain had won freedom from their continental kindred in Europe after migrating to Britain from the European mainland across the North Sea.

## RISE OF GANGSTERISM

The United States was always Nordic in character from the time of the first pioneer settlements in North America until the second half of the nineteenth century, when many migrants began to enter the United States from southern Italy, Sicily, southern Portugal and Spain, and new slums began to appear, which later produced the famous gangsters of the 1920s, and which still produce the overwhelming majority of racketeers and professional criminals, if one discounts for a moment the generous contribution of the coloured peoples to these undesirable classes. It has been one

of the most marked factors of American history, that the Nordic people — that is to say those whose forefathers came from the North European countries — have engaged themselves with the pioneer work of cultivating the wilderness, and establishing industry and science, building railways and roads in this rich new continent, and have contributed but little to the vice and sordid crime which lurk everywhere in the backstreets of the great cities which have arisen in this fair land. New York and Washington, which are amongst the leading crime centres of the U.S.A., have some of the lowest percentages of Nordic true-white American citizenship.

## BECOMING A MINORITY

The Immigration Act of 1924 officially restricted immigration from non-Nordic countries to about 12 per cent, but unfortunately it failed to prevent illegal immigration, it failed to prevent subsequent special legislation to permit non-Nordic immigration under special acts, and it failed to prevent the inequality of birth rate between the Nordic people of America of English, Scots, German, Scandinavian ancestry, and those of southern European, Negro and Chinese origin. As a result the true-Whites in America are fast becoming a minority group — however astonishing or disturbing that fact may seem.

The remedies would appear to be easy. Africa, for instance, could easily absorb the relatively sophisticated American Negro population,

and possibly benefit by that very sophistication. Liberia was formed for the very purpose of acting as a home for American Negroes. A state aided programme could ship the entire Negro population back to Africa, each with a handsome grant to assist in resettlement in the newly independent African continent, at much less cost than America spends on foreign aid. Similar arrangements could be made for other non-White groups, and such migration would undoubtedly in the long run greatly benefit the migrants. As the total population of these groups increases in America, then the U.S.A. herself will otherwise be faced with increasing taxes to provide social services and aid, and will find herself priced out of world markets.

## EFFECT OF SLUMP

In the ensuing slump, it is the Negro, Mexican and Puerto Ricans, etc. who will suffer the most. Their comfortable stay in the U.S.A. will, of necessity, merely bring about economic conditions equivalent to those of the homelands they have left, and instead of bringing about a permanent improvement in their own standard of living, merely bring down the present high American standard in the direction of their level.

This of course could not happen if their numbers were to remain small, but as the world knows, the percentage of coloured and half-coloured people in America is increasing year by year. The hard fact is that the true-Whites have only small families; while the non-Whites have usually three to five children in a family, not counting the large numbers of illegitimate children which they also produce outside of wedlock.

But unfortunately Government opinion in the U.S.A. appears to be pressurised by economic and political factions which see the coloured vote as a means to controlling the country, and the coloured workman as a source of cheap labour. As a result the general government policy follows the false and blind "melting-pot" ideal, oblivious to the fact that the melting-pot race-mixing factor is precisely the same factor which has destroyed almost every great civilisation of the past, from Ancient Egypt, to Ancient Greece, Rome, India and Persia. There is only one

# EURASIONS MIGRATING TO AMERICA

Holland's population of "Indo's," half-Indonesian and half-Dutch people, are rapidly migrating to the United States of America, according to recent reports in the Dutch press. Six thousand have already been admitted to the U.S.A. under the American Fugitives Act, and another nine thousand under the Walter Pastore Act, specially created for this community. This latter law has been extended, and within two further years a total of twenty-five thousand Indonesian-Dutch mixed bloods will have migrated from Holland to America.

## CLIMATE TOO COLD

Possibly the entire community would migrate, but for the restrictions upon their entry into the States. They report that they like neither the cold damp climate of Holland nor the settled ways of the Dutch people.

This migration, however, carries with it little relief for the Dutch people. A small nation, they have a total of a quarter of a million "Indo's" living in their small and hitherto outstandingly Nordic country. This coloured community breeds so rapidly that it is estimated there will be one million coloureds in Holland, before the close of the century. Into the bargain, their number is being continually reinforced by other Indo's who had formerly elected to adopt Indonesian nationality and remain in the country of their birth. Fifty-thousand more of such **spytoptanten** are shortly to be admitted to Holland. A **spytoptant** is an Indo who formerly chose Indonesian nationality but now regrets this (**spyt** = regret) and now "opts" (**opteert**) to migrate to Holland.

Thus it seems that Indonesia is getting rid of its mixed bloods, at the expense of the Nordic race. But the heaviest guilt lies with the Dutch Governor General Coen who encouraged such intermarriage in the first place.

The **Wereld Kroniek**, reporting earlier this year, claimed that **Indos** normally married amongst people of their own community; but those

who live in Holland state that **Indo** males are normally to be seen accompanied by Nordic women, and the Dutch press has done its best to encourage intermarriage. Add to the fact that **Indo** families normally average five children, there has been a vast influx of West Indians who are also to be seen in Dutch cities today, and one realises that unless drastic action is taken in the near future, Holland will soon be lost to our race.

## TEXANS OPPOSE INTEGRATION

Houston, more than any other part of Texas, has fallen under the heel of capitalist-liberal domination, yet still the Texan people of that great city have succeeded in rejecting a carefully prepared campaign to integrate Houston schools.

Supported though this plot was by big-business of non-Texan ownership, voters rejected the proposal by two to one. The only localities which favoured the proposal, in fact, were those comprised entirely of Negro voters.

## NEGROES FAVOUR SEGREGATION

While Negroes generally seek integration as a means to "social improvement," when they achieve integration by migration into the northern towns they tend of their own accord to re-segregate in their own communities.

There is nothing wrong or de-meaning about this, it is a natural and entirely proper function. So real, also, is this tendency, that were it not for the interim harm caused to both communities by the transitional period of integration one might feel that it were better to remove all restrictions and merely encourage the various races in America to follow their own inclinations.

## 'RIGHT' Resuming Publication

Despite the announcement which appeared in the sixtieth issue of **Right** magazine in September, it is now understood that editors Dr. Anderson and Edward Vargas have decided to continue the publication of **Right** after only a brief interval of rest. It is understood that they felt they had no other course, after the heavy mail they received following the announcement of their intention to suspend activity.

**Right** is a stimulating monthly news publication for Americans (and indeed readers throughout the world) who are interested in the race question. Smartly printed, and containing some 4,000 words per issue, plus photographs, it costs \$3.00 per annum only, and those who are anxious to join its reading list for a trial period should send their subscription to P.O. Box 180 San Francisco 1, California, U.S.A.

The new **Right**, it is rumoured, will also include some new surprise features.

## INTERNATIONAL SOCIALISM

### THE COMMUNIST IDEAL

Inaugerating the All-India conference of the Revolutionary Communist Party of India, Mr. S. Tagore stated that only "International Socialism" could completely remove the causes of war.

It is interesting to hear Communists come out into the open and take hands with their "liberal" fellow travellers. We can then see more clearly the common goal to which their efforts are both jointly and severally aimed—world dictatorship.

World-wide Communist domination would doubtless bring with it "peace," but do our fine preachers, who would presume to teach Nordics the art of fair and just rule, realise that this would be the peace of death to untold millions of every race and nation or do they, like so many of our own "liberal" friends, merely snuggle back comfortably into their armchairs, and imagine fond dreams of their new world order, in which they see themselves sitting, like dung, on top of the ant-heap?

## Our Peoples and Culture — 7

# NORDIC AMERICA

By EDWARD LANGFORD

AMERICA was first discovered by the Viking Leif Ericsson, centuries before North Italian Columbus reached the West Indies. Viking settlements were made on the coast of New England, but appear to have survived barely a generation. The settlers did not number more than a few dozen, and as Indian attacks are recorded, it is presumed that, as with the Greenland settlements, the earliest pioneers must have been annihilated by hostile Indians.

Then in the seventeenth and eighteenth centuries the Anglo-Saxon and Frankish peoples began to colonise and develop North America on a major scale. In time, the Frankish settlements in Canada and Louisiana fell under Anglo-Saxon control, and then in the nineteenth century the Anglo-Saxon settlers were reinforced by large-scale migrations of Teutons, or continental Saxons from Holland and North Germany. The Declaration of Independence was a restatement of the traditional rights of Nordic freemen — but, even at that time; people like Abraham Lincoln never intended that the state should include men of all races. Instead, Lincoln and Grant both supported schemes for the re-transfer of American Negroes back to their own homeland in Africa, and Liberia was established especially for this purpose.

Unfortunately these plans were not fulfilled, and in the latter part of the nineteenth century economic conditions in southern and central Europe caused a mass migration of non-Nordic peoples into North America, who, ever since have continued to produce larger families than the original Nordic settlers. The result has been that their numerical importance has grown vastly.

Under the influence, largely, of author Madison Grant (*The Passing of the Great Race*) and Lothrop Stoddard (*The Rising Tide of Colour*) — both names deprecated by the modern powers-that-be in America — the Immigration Act of 1924 was passed, which limited official Non-Nordic immigration to 12 per cent. But it was too late. The damage was done, with a large non-Nordic population reproducing at

more than twice the rate of the Nordic pioneers, and wholesale illegal and semi-legal immigration of Mexicans and Puerto Ricans, plus special relaxations in favour of refugees from Germany and other European countries.

True Nordics today are strong in the mid-West, and in the old South. But New England and most of the larger cities have large alien populations, and the Negro problem is not the only one in the modern U.S. Worst of all, the film industry, large sections of the press, the entire "entertainment" world, a great deal of banking, and most political influence, has fallen into the hands of non-Nordics.

These non-Nordic elements have no genuine feeling for the Declaration of Rights or other historic documents, as their own way of life shows, when contrasted to that of the law-abiding Nordic true-American elements, but these, and any other handles to political power, are ruthlessly used to subvert the Nordic backbone of the nation. Those who did not know the courage with which individual Nordics in America are

resisting present degrading influences resulting from alien political and financial influence, especially the "defence in depth" by loyal Nordic-Americans in the administration, gain a very false impression of the true America from Hollywood films. It is unfortunate, however, that it is just the same "American" films and so-called "American" entertainers and writers whose voice is most widely heard abroad. All true-White patriots throughout the world join in wishing their true kinsmen in America every success in the battle against decadence and race-mixing in the United States . . . a battle which is of the greatest significance in view of the enormous influence the U.S.A. today wields over the rest of the western world.

continued from page 2

word of advice that the American people should offer their leaders in the present Presidential campaign: recollect the warnings of the founders of the nation!

Yes! Thomas Jefferson said: "Nothing is more certainly written in the book of fate than that these people (the Negroes) are to be free, nor is it less certain that the two races, equally free, cannot live under the same government." Even Abraham Lincoln also warned: "There is a physical difference between the white and black races which I believe will forever forbid the two races living together on terms of social and political equality." While Madison Grant openly declared: "If the purity of the two races is to be maintained, they cannot continue to live side by side, and this is a problem from which there can be no escape."

The racial issue in America is as simple as that — and the fate of the true-White people everywhere will be heavily influenced by whatever direction the trend of events in America follows.

[redacted] who understands that this is a national organization which publishes the Liberty Letter, said that he has learned through Western Research Corporation that CARTO was a friend of FRANCIS PARKER YOCKEY, who recently received publicity as a Fascist and who after his arrest in San Francisco committed suicide. He understands also that CARTO and probably his organization are anti-Semitic and he, therefore, suspects the organization of being Fascist.

He said that CARTO wrote him proposing an exchange of mailing lists, he said that if [redacted] would send him a list of names of the members of the captioned organization, plus \$1 a piece, CARTO's organization would place those names on the mailing list of the Liberty Lobby for the life of the 1961 Session of Congress. [redacted] She advised that, as employees of [redacted] she and

weeks in February 1961. She related the woman in charge of  
CARTO's office, Mrs. JOSEPHINE ROBINSON, was responsible for  
engaging the girls. CARTO was in Washington, D.C., all this time  
and consequently the girls never saw him.

[redacted] continued that, when Mrs. ROBINSON talked  
to CARTO on the phone one day and mentioned the extra help she  
had hired, evidently CARTO did not approve because [redacted] and  
the other girl were dismissed the next day. She said their  
work in the office consisted of stuffing envelopes with  
literature and form letter requests for donations. She stated  
the literature came mainly from England, and that the "Northlander,"  
a copy of which she had previously submitted to this office, was  
typical. She said the form letter contained 32 questions such  
as, "Are you against the UN; are you against urban redevelopment;  
are you against Communism," etc. The letter, which was on the  
letterhead of Liberty Lobby, asked for donations and/or names  
of five other people to mail literature. She said that many  
contributions were mailed in, including donations as high as  
\$100.00. She commented that obviously the response was greater  
than Mrs. ROBINSON had expected.

b6

[redacted] said she noted that the Kaiser's picture  
was on the wall; that there were signs of "Faubus for President"  
on the wall, and that the literature mailed out seemed pro-Nazi

She also said that Mrs. ROBISON also made statements such as it would not have been bad if HITLER had won the war because now we have to worry about the Russians. She further stated the office, in which they worked, had some men's clothing "hanging around," which made [redacted] think that someone lived there. She said that Mrs. ROBINSON was the only regular employee there, and that CARTO's wife dropped in after 5:00 p.m. on occasion. She related that CARTO's wife worked at a regular job elsewhere. She related that at night a young man, possibly a teen-ager, would come to the office and mail out pamphlets. She said this individual was German. She also stated that one of the suitcases in the office had the name [redacted] on it, but she did not know if it was CARTO's suitcase. Mrs. ROBINSON told her that CARTO was French, but she did not know if this were true. She also mentioned that Mrs. ROBINSON had an old Hudson, in which she drove to work, and that Mrs. ROBINSON also banked the donations received.

It is noted that [redacted] submitted to this office the October 1960 issue of "The Northlander," Vol. 3, No. 9, which has been filed as 105-4222-81. This newsletter describes itself as "a monthly review of Pan-Nordic Affairs." It also reflects the following:

One Photostat of No. 40, Jan. 1959 issue of "RIGHT"

The following article appeared: NORTHERN LEAGUE NOTES  
by E. L. ANDERSON, Ph.D.  
P.O. Box 67, Sausalito, Calif.

Organization of NORTHERN LEAGUE branches in most White nations of the world is proceeding forward at a good clip. The sole group formally organized in the US to date is in California. But some other localities soon expect to have a branch.

In England, members have conducted a poll in all sections of the country on the question of public re-action to immigration of Negroes from the outlying Commonwealth. The results show that 84% of White Britons are opposed to continued unrestricted immigration.

Northern World Diaries are available to LEAGUE members for \$1. These diaries contain notes of timely interest for White men.

\* Copies of the newly-published booklet, Eugenics & Race, are now available to LEAGUE members for \$1. This is a compilation of some of the notable articles which have appeared in Northern World magazine, written by Roger Pearson, Central Organizer of the LEAGUE.

File # 105-3824-1A (69)

(continued)

Ident

The first world-wide gathering of NORTHERN LEAGUE members is set for July. Nationalists from all White nations will be in attendance. It will be held in the Teutoberger Forest, in Germany. This is where Herman (Arminius) fought and defeated the Roman Legions of Varus, in 9 A.D. and thereby prevented the Latinizaion of northern Europe and Britain. Called the Teutoberger Moot, all LEAGUE members from America are invited to attend.

that there would be a BAFPCP meeting on 5/3/61, at 150 Golden Gate, San Francisco, between 8:00 P.M. and 10:00 P.M.

The writer was in attendance at this meeting which started at 8:20 P.M. and ended at 10:04 P.M. The meeting was held in the second floor auditorium of the ILWU, 150 Golden Gate, San Francisco, and about 60-70 were in attendance.

The following persons were identified by the writer as being in attendance at this meeting:

b6  
b7C

[redacted] who introduced himself as Chairman of the BAFPCP, started the meeting with a re-cap of BAFPCP activities during the past few weeks. He said the rally on 4/19/61 was put on by the Student Ad Hoc Committee to Oppose U. S. Intervention in Cuba and they were assisted by the BAFPCP. [redacted] said that just because the recent invasion attempt was a failure the BAFPCP must not ease up on the work to educate the American people and to prevent intervention in Cuba. He said that in view of the phony story CIA came up with about the Cuban "defectors" that caused the air raids on Havana, it is quite possible that there might be another air raid by planes with Cuban Air Force markings on the U. S. Navy Base in Cuba or CIA might come up with another "USS Maine" to give the U. S. an excuse to invade Cuba with the Marines. He said that the primary goal of FPCC is to prevent intervention in Cuba and allow the Cubans

b6  
b7C

WLL:DAS  
SF 97-347

to solve their own problems in their own way. He stated that the purpose of this meeting was to raise more money and to get more committees working on the BAFPC. He said the Executive Committee, with seven members, was too small of a group to carry on all of the work. He introduced [redacted] of the BAFPC.

b6  
b7C

[redacted] gave the financial report. He stated that the BAFPC had \$359.00 as of a few days ago but had sent \$150 to the National FPCC which left \$209 as a present balance. He said the [redacted] tour made the BAFPC about \$300 over expenses and the 4/26/61 newspaper ad which had cost \$2200 has been almost paid for by contributions. He said a few individuals who loaned money for the ad still remain unpaid but it doesn't represent much money. He said that books would be distributed for collections and each book had 10 receipts for contributions to the FPCC.

[redacted] who was introduced as [redacted] of the BAFPC, talked about the organization of the BAFPC and stated that there are now about 1600 on the mailing list in the Bay Area with about 500 of these paid up members of the FPCC. He said there is an active group in the East Bay which has collected quite a large sum of money for the BAFPC and also a group in Marin County [redacted] announced at this meeting that he had collected \$218 for the BAFPC from Marin County. [redacted] announced that his group in the East Bay had collected money for the BAFPC principally through a telephone campaign and distribution of the contribution books. [redacted] stated that an active member in the East Bay was [redacted]  
[redacted])

b6  
b7C

[redacted] reported that an ad had also been placed in the classified section of the "San Francisco Chronicle" regarding the furnishing of speakers for Cuba. He said they had received 12 inquiries and planned to place another similar ad in the future. He said they would also place another large ad after fund drive is over like the 4/26/61 ad.

b6  
b7C

[redacted] announced that the BAFPC Executive Board had appointed the following members to the BAFPC speaker's bureau: HAYDEN PERRY, TOM SANDERS, IRENE PAULL. He requested additional volunteers from different sections of the Bay Area and one of those raising their hands was [redacted] who would represent the peninsula.

WLL:DAS  
SF 97-347

It is noted that later in the meeting [ ] made a long-winded talk against the "international banking conspirators" and "monopoly capitalists" that was so radical that [ ] finally told him to sit down as his time had expired. He remarked that he had returned from Cuba due to doctor's orders and suffered greatly from arthritis, etc. He also stated he had a brother-in-law who was a multi-millionaire and consequently he knew all about the evils of capitalism.

b6  
b7C

[ ] stated that the Student Ad Hoc Committee Against Intervention in Cuba had formed on 4/17/61, and had a seven man Executive Committee, which, except for one man, were all members of the FPCC. He named the seven as: [ ]

b6  
b7C

He said that last week two members of this Executive Committee contacted the BAFPCCE Executive Committee and asked if they could have representation on the BAFPCCE Executive Committee. He said they told him they wanted to work with the BAFPCCE and coordinate their activities with the BAFPCCE. [ ] recommended that their seven man Executive Board be added to the Executive Board of the BAFPCCE and the audience approved by unanimous voice vote. (It is noted that this Student Ad Hoc Committee also is known as the Bay Area Student Committee to Oppose U. S. Intervention in Cuba.) [ ] stated that this student committee had representatives on the campuses of most of the colleges in the Bay Area.

Several unidentified people requested that the Executive Committee consider contacting a lawyer regarding the filing of an injunction against further use of tax monies to finance the Cuban counter-revolutionaries and [ ] agreed that this would be done. It was also mentioned that perhaps the abortive invasion may be a violation of the Neutrality Statute and this also should be looked into by a lawyer.

b6  
b7C

WILLIS CARTO, who had been quietly sitting in the back of the room, then stood up and said, "I'm not a member of the committee but I came here tonight to see if you people are sincere. Are you against intervention per se or are you just opposed to intervention when the victim is a communist satellite? If you are sincerely against intervention then you should go on record against the intervention by China into Tibet." [ ] stated that certainly there were many examples of intervention but that

b6  
b7C

WLL:DAS  
SF 97-347

the FPCC had been formed to object to intervention in Cuba and the committee wasn't large enough to take on all the ills of the world. CARTO left shortly after someone in the crowd said "if you don't like it why don't you leave?" (It is noted that CARTO is a member of the BAFPC under the name of WALLACE OLDEMEIER.)

[redacted] announced that the members who are members of unions should get the support of their unions for FPCC. He said the ILWU was the only union which had gone on record against the intervention in Cuba. He told them that they should not be discouraged just because the union leaders won't give the support as many of the rank and file would support such a plan.

b6  
b7C

(FNU)(possibly [redacted])(phonetic) announced that he was a folk singer specializing in songs of Cuba in case anyone present had need of such an artist in the future.

b6  
b7C

Volunteers for a social committee to plan a fund-raising party were picked and the following will be on this committee:

[redacted]  
[redacted]

[redacted] announced that a friend from Berkeley had heard from someone in Havana about a new film on the Cuban revolution that might be obtained for a future function. He will look into it further as he's not sure the Postal authorities will let it into the country.

b6  
b7C

[redacted] announced that [redacted] of the FPCC, is considering a trip to San Francisco in the future on behalf of the FPCC and a rally would be held at that time to hear him speak.

[redacted] high school student, announced that she knew about 30-40 high school students, principally from the East Bay Area, who were interested in the FPCC and had participated in some of the recent demonstrations. She suggested that these students also be given representation on the BAFPC Executive Board.

b6  
b7C

[redacted] that if the students formed their own organization and elected a representative he was sure that the representative would be given a seat on the Executive Board.

WLL:DAS  
SF 97-347

[ ] told [ ] that [ ] was trying to get in touch with him and to call him after the meeting was over.

b6  
b7C

[ ] remarked that the interest the FPCC was getting from the students was very stimulating and he hadn't seen such enthusiasm over one issue for years. He said one example of this was evident during the 4/22/61 rally at Civic Center Plaza, when a graduate student from UC, [ ] who [ ] had never seen before, asked to read to the audience a letter he had sent to ADLAI STEVENSON protesting our intervention in Cuba. [ ] said that [ ] was so emotionally affected that he actually trembled when asking for permission to take the platform to read his letter.

ACTION: Open case to identify [ ] who has been identified as [ ] the East Bay group of the BAFPC. Assign to East Bay Agent.

She said that this publication was unsolicited and no bills have been received from the FPCC for this pamphlet.

It is further noted that the pamphlet "Fair Play" is the official publication of the FPCC and although each paid up member of the FPCC is mailed a copy of this pamphlet it is possible for anyone to mail \$5 to the FPCC for the pamphlet without becoming a member of the FPCC.

## Birch Prize for Warren Ouster

TULSA, Okla., Aug. 5 (UPI)—The John Birch Society has announced a \$2500 essay contest on "Grounds for the Impeachment of Supreme Court Justice Earl Warren."

Robert Welch, founder of the society, made the announcement at the opening of the third annual Christian Crusade convention here, where he was keynote speaker.

Witnesses to the San Francisco riots during the House un-American activities committee hearing here were to speak today.

Reliable sources said they may make statements implicating another "liberal" member of the high court.

Willis Carto, founder of the Liberty Lobby, and Dr. G. Archer Weniger, a Baptist pastor, both from the San Francisco area, were to give personal observations about the riots.

The convention is sponsored by a radio evangelist, Billy James Hargis, who has led bitter attacks on the National Council of Churches for alleged Communist infiltration.

Relet set out the names and addresses of approximately 315 persons in the San Francisco Division maintained on addressograph plates in the headquarters of the Fair Play for Cuba Committee, room 329, 799 Broadway, New York City, New York. These were furnished by NY 3245-S\* on 9/24/61 and 9/25/61.

Persons are able to be placed on the mailing list of the FPCC by a payment of \$5.00 (less for students) which entitles them to receive a year's subscription to "Fair Play", the official publication of the FPCC, but permits them to designate whether or not they wish to be considered a member of the FPCC. The code letters A62, B62, C62 and D62 after the person's name indicates what quarter of the year their membership or subscription comes up for renewal, and those names not followed by this code designation were up for renewal on 8/28/61. It would also appear that some of these names that are not followed by a code designation are complimentary mailings and those persons did not in fact ever send \$5.00 to the FPCC.

### IMPERIUM

The Noontide Press, Post Office Box 713, Sausalito, California, is distributing copies of a second edition of "Imperium" which was written originally in 1948 by FRANCIS PARKER YOCKEY under the nom de plume of ULICK VARANGE. This edition was copyrighted in 1962 and published by The Truth Seeker Company, 38 Park Row, New York, New York.

Publicity issued by The Noontide Press in connection with this edition alleged that "Imperium" was suppressed by enemies of western civilization, that the author was hounded for years, that he was held unconstitutionally under the enormous bail of \$50,000 although no charges were placed against him, and that he committed suicide because of continued harassment. The book originally appeared in two volumes and the second edition has been combined into a single volume of over six hundred pages with a thirty-five page introduction by W. A. CARTO.

The introduction by CARTO declares that YOCKEY was a gifted writer who studied languages and became a linguist but that it was as a philosopher that he reached the summit. CARTO noted that YOCKEY practiced law in Illinois and in Detroit as an Assistant County Attorney for Wayne County, after receiving an honorable medical discharge from the Army in 1942. CARTO alleges that YOCKEY never lost a case as a lawyer.

CARTO points out in his introduction that YOCKEY went to Europe after receiving a job with the War Crimes Tribunal and that he concluded that the entire procedure of these war crime trials was serving the interest of international communists.

~~CONFIDENTIAL~~

CARTO declares that YOCKEY prepared reports for the war crime trials for eleven months and terminated the employment because a superior advised him these reports had the wrong slant and that he would have to rewrite the reports to conform with "official viewpoint".

CARTO alleges that the only crime of YOCKEY was to write a book, "Imperium" and that for this he had to die.

CARTO alleges that the State Department in 1952 refused to renew the passport of YOCKEY and that a game then developed between the FBI and YOCKEY because the FBI had received instructions to keep YOCKEY under surveillance at all times. When YOCKEY's whereabouts was known, the FBI watched him night and day, according to CARTO. When he dropped temporarily from sight, as he did frequently, his friends, relatives and contacts allegedly were interrogated constantly by agents who kept repeating they just wanted to talk to him.

CARTO concludes that the spectacle of a man being persecuted, framed and driven to his death simply because he wrote a book is not one which could be expected in the 20th Century in the land of the free and the home of the brave. CARTO asks, however, whether people in the United States are free when a person whose only crime was to write a book is denied a passport, when a citizen can be arrested without a warrant and held in jail without charges and under fantastic bail, when "free press" vultures can heap scorn upon his head, when a sensitive genius can be held in the filthiest of jails with Negro and white criminals, and when a judge can rule that a prisoner is not to have a speedy and public trial by an impartial jury?

CARTO emphasizes that YOCKEY was neither pro-Russian nor anti-Russian, although "certain of his captors" called him "anti-American and pro-Russian". He also alleges that accusations of "anti-Semitism" should be interpreted on the same level.

CARTO declares that some weeks after YOCKEY's death by suicide the man who had been charged with railroading him, the United States Attorney, suddenly and without explanation resigned from his job, left his wife and children, and joined a monastery.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

A source advised on March 4, 1963, that mailed copies of the book "Imperium" enclosed a reprint of an article from "Right", #59, August, 1960, which contained an article entitled "Creative Genius Driven to Suicide". This article alleged that YOCKEY's doom was sealed from the moment "Imperium" was published. The Anti-Defamation League reportedly began a world-wide persecution of YOCKEY and the United States allegedly questioned hundreds of people at a cost of thousands of dollars because he was "suspected of heading an international conspiracy against the Government." The article alleged that these persecutions caused YOCKEY to utilize false names and passports as a result of which he was arrested in Oakland on June 6, 1960, with three passports and held for \$50,000 bail. The article alleged that YOCKEY then suffered the following illegalities and civil rights violations:

1. The FBI arrested him without a warrant in violation of the Fourth Amendment.
2. His bail was set at \$50,000 by Judge JOSEPH KARESH, an Ordained Rabbi.
3. He suffered cruel and unusual punishment in the City Jail.
4. The papers misquoted YOCKEY and whipped up public hatred against him.
5. He was denied interviews with friends.

The article concluded that YOCKEY learned that no jury trial was to be allowed and that he lost hope, causing him to commit suicide. His death, however, has made him a martyr for ideas - ideas that will not die with a thousand Anti-Defamation Leagues.

A letter accompanying mail orders of the second edition of "Imperium" publicizes the availability of another book by YOCKEY, allegedly written and given to a few close friends a few months before his death and published in July, 1961. This booklet is identified as "The World in Flames" and reportedly deals with the approaching war between Russia and the West.

Mr. WILLIS CARTO

Sausalito, Calif.

July 1, 1963

Dear Sir,

As you know I have only been in command of the [redacted] Under my leadership there has been more progress in Southren California than in the past 2 1/2 years. As could be expected there was some jealousy and some resentment in some quarters. [redacted] tried to carry out a small mutiny with the intent of stealing the Party. Within two days I crushed this rebellion. Everyone who was connected with the Party here prior to my assumption of command has now sworn to and signed an oath of allegiance to myself and the Commander.

b6  
b7C

Forseeing the possibility of a small coup on the part of [redacted] I systematically went through the mailing list and through personal contact organized a completely new Party which I kept isolated from and unknown to the "old guard" here. I now am firmly in command of [redacted] unit which I inherited two months ago AND an entirely fresh uncontaminated Party.

b6  
b7C

[redacted] stole over \$200.00 from the Party treasury including \$175.00 of B.C.'s which had been ear-marked for Hall rental and nothing else (Incidentally, [redacted] was tickled pink when I told him I had met you. I am sure he would like to hear from you.). [redacted] was party to [redacted] theft of Party funds. [redacted] also managed to ferret out the place of business of an anonymous contributor and threatened to expose him if he did not support his and [redacted] rebellion.

b6  
b7C

We have suffered a prestige loss from all the stink, but for the first time I am truly confident that what I have out here is truly solid. I should like very much to hear from you soon, and

WILLIS ALLISON CARTO

On November 14, 1966, a confidential source who is a

advised that CARTO is an admirer of the John Birch Society and in his conversation definitely is "anti-semitic, anti-communist, and right-wing extremist oriented". The source stated that during the Summer of 1966, CARTO diligently attempted to get an author of prominence to do a ghost story in the form of fiction, but based on events of real life. The story, to be about 2,000 to 2,500 words in length and to be published in paperback, would require a review of newspaper morgues and interviews with individuals in Northern California who could give information about a politician who allegedly was elevated to riches and power by the "invisible government". This person reportedly would be EARL WARREN, Chief Justice of the United States Supreme Court. The story would deal with the murder of EARL WARREN's elderly father, and the inference to be drawn from individuals interviewed and from newspaper morgues was that EARL WARREN, in a fit of rage, murdered his father. The date was probably in 1936 or 1937 and reportedly is available in the newspaper morgues.

CARTO was initially said to be willing to pay \$200 for a rough draft of the story, but subsequently raised this amount to \$500. CARTO was said to be an official of Liberty Lobby and the owner of the publication "Western Destiny", the "Noon Tide Press", Post Office Box 713, Sausalito, California, and the "American Mercury", Post Office Box 7213, Houston, Texas.

The source further stated that CARTO had reported during the Fall of 1964 that he was moving his base of operations of Liberty Lobby from San Francisco to Post Office Box 1622, Washington, D.C. He was also to set up a base for Liberty Lobby at Post Office Box 76062, Los Angeles, California 90005, and at Post Office Box 36132, Los Angeles, California 90036. it. However, CARTO reportedly would be in Washington, D.C., during most of the Fall months of 1966 and will again attempt to get something going on the story some time in January, 1967, when he returns to the West Coast.

According to the plan of CARTO, the author would go to the Oakland Tribune newspaper morgue, Oakland, California, and there review news articles regarding the death of EARL WARREN's elderly father. CARTO was interested in ascertaining if EARL WARREN gained any money through his father's death. He would see [redacted]

He would contact a former police officer in Bakersfield, California, by the name of [redacted] who later was reportedly connected with the Veterans Administration, but may now be deceased, and a former police officer by the name of [redacted] who is known to [redacted] and who would be able to tell how EARL WARREN handled the local police at the time. CARTO said that WARREN was then the Attorney General of California and not District Attorney, as commonly supposed. The author would then check the morgue of the "Kern County Press", Bakersfield, California. CARTO said that the documents compiled by the "Kern County Press" of the murder of EARL WARREN's father may now be destroyed. An individual located in the northwest corner of the Haberfield Building, who is now an oil driller and who was a former investigator for the House Committee on Un-American Activities, was reportedly well acquainted with "old man WARREN" and according to CARTO, he will talk a lot. According to CARTO, the name of this individual can be secured from a [redacted]

[redacted] CARTO claimed that EARL WARREN was attending a meeting in Fresno, California, the night before EARL WARREN's father was murdered early the following morning. EARL WARREN had not been seen since that meeting, but could have returned to his father's residence. CARTO implied that EARL WARREN argued all night with his father and in a fit of rage murdered him.

CARTO stated that the "Fresno Bee" had a reporter by the name of [redacted] and the author should check with [redacted] and review the "Fresno Bee" newspaper morgue in Fresno, California.

CARTO claimed "The California", a newspaper in Bakersfield, California, had photographs of the murder scene. He claimed that two hours after the murder of EARL WARREN's father, EARL WARREN had his own investigators on the job. The editor of "The California" was said to be WALTER KANE, who reportedly was in the area at the time of the murder.

Set forth below is descriptive data regarding CARTO as furnished by the source:

WILLIS ALLISON CARTO

On November 17, 1966, Mr. ROBERT DALE BAKER, News Director, Radio Station KSRO, Santa Rosa, California, advised he had written a letter to Chief Justice EARL WARREN, U. S. Supreme Court, because he had received information that some author was planning on writing a fictional story with fictional characters, but based on events in the early private life of WARREN. BAKER stated that the book was supposedly to be pure fiction, but it was to be slanted in such a way that everyone would be aware that it was about WARREN who would be the central character. BAKER advised that his reason for writing the letter to WARREN was that he wanted him to be aware of this "smear", but he did not desire to put enough information in his letter so that his source would be divulged. Mr. BAKER said that the person who allegedly is interested in having a book of this nature published possibly lives in Los Angeles, California. While REW. PARSON reportedly is aware of the plan to write a book, BAKER advised he had no way of knowing if PARSON actually possessed.

BAKER is unwilling to disclose the identity of his source.

# Neo-Nazi Movement On the Loose in U.S.

**Drew Pearson**

Today's Column is by Drew Pearson and Jack Anderson

**T**HIS column has now penetrated the mafia-like secrecy of a sinister, neo-Nazi movement that seeks to overthrow the United States government. Already it directs an \$850,000-a-year lobbying campaign on Capitol Hill, publishes one of America's famous old magazines, operates a publishing house, controls a dozen front organizations and last year handed out \$90,000 to candidates for Congress.

Members of this organization are not goose-stepping storm troopers like the late George Lincoln Rockwell's motley misfits, but doctors, lawyers, writers and businessmen from America's upper middle class. They belong to secret cells where they are known only by code names.

★ ★ ★

**T**HEY call their subterranean society the Francis Parker Yockey Movement, named for a neo-Nazi philosopher who committed suicide in a San Francisco jail cell in 1960. But they take their credo, as Yockey did, from Adolf Hitler whose birthday they plan to celebrate with secret rites on Sunday.

They seek the overthrow of democracy in the United States, the unification of western Europe under a neo-Nazi dictatorship and an Armageddon with Russia. Just as Hitler boldly set forth his aims in "Mein Kampf," Yockey outlined his strategy for resurrecting Nazism in a pseudo-philosophical book called "Imperium." This has become the "Mein Kampf" of the new movement.

Yockey declared in his book that a

massive attack upon Russia across the plains of Europe was the "only solution."

The Francis Parker Yockey Movement was formed after his suicide by the last man to see him alive, Willis A. Carto, founder of the Liberty Lobby, who has written that the United States made a mistake in going to war against Hitler.

★ ★ ★

**C**ARTO'S secret quest for political power has had astonishing success. While he recruited true believers into the Francis Parker Yockey Movement, he exercised political power through a network of front organizations.

The most powerful front is the Liberty Lobby which, say insiders, raised \$850,000 last year. Through the Liberty Lobby, Carto furnished research and wrote speeches for a dozen members of Congress.

Carto has also purchased control of the American Mercury, a magazine whose name was once a household word in America. His Mootide Press in Sausalito, Calif., publishes pseudo-intellectual, neo-Nazi books. The latest, "The Myth of the Six Million," seeks to prove that Hitler's massacre of 6 million Jews was all a Jewish myth.

True to his word, Willis Carto has captured enormous political power. If the Communists had ever been as successful on Capitol Hill the scandal would have rocked the nation.

## 'Nazis' Take Over Youth for Wallace

**Drew Pearson**

Today's column is by Drew Pearson and Jack Anderson

**G**EORGE WALLACE, the ex-Governor of Alabama and ex-candidate for President, doesn't know about it, but his former youth organization has turned into a budding Hitler youth movement.

It happened almost without anyone knowing about it, in the ways things happen where Nazis are concerned.

The founders of "Youth for Wallace" had every intention of keeping the organization intact under a new name, National Youth Alliance. However, they made the mistake of getting obligated financially to Willis Carto, founder of the Liberty Lobby and mastermind of the new neo-Nazi movement in the United States.

THE takeover of the Wallace youth movement was clinched at a regional National Youth Alliance leadership conference, January 25, at Conley's Motel, outside Monroeville, Pa. Carto sent Curtis B. Dall, figurehead president of Liberty Lobby, a neo-Nazi front, to address the morning session.

The evening session was taken over by the Francis Parker Yockey movement, with Carto himself as the guest of honor. The late Yockey, whose book "Imperium" has become the new "Mein Kampf," is the patron saint of the neo-Nazi movement.

The Conley's Motel meeting on January 25 was attended by doctors, lawyers

and businessmen from the Pennsylvania-New York area, who were identified only by code names, but were disciples of Yockey.

Most of the National Youth Alliance leaders were patriotic conservatives. They were stunned when they found their meeting room hung with Nazi banners. The assembled neo-Nazis even showed off their collection of Nazi war relics.

The meeting began with the singing of the Nazi anthem, Horst Wessel Lied, followed by a series of strident speeches.

★ ★ ★

**A**FTER this frenzied evening, the national youth leaders tried to cut loose from Carto. He refused to be severed. First, he demanded that they turn over to him all the organization's assets. He claimed that National Youth Alliance was a branch of Action Associates, one of the many front groups, he controlled.

This was followed by brief legal maneuvering. The National Youth Alliance leaders, however, couldn't raise the funds to continue the fight. They resigned en masse after sending a letter to local alliance leaders, dated March 24, explaining their action.

After their walkout, the National Youth Alliance fell under the complete control of the neo-Nazi Francis Parker Yockey movement and Willis Carto.

**'Political Aims'**

(Editor — Although I am reluctant to dignify Drew Pearson by refuting his politically motivated attacks against me by comment thereon, the reason for his timing

is now clear and deserves notice.

For the past few weeks Pearson and his associate, Jack Anderson, have been attacking me as a "Nazi" or worse. Of course, neither they nor their confederates are interested in me or any organization with which I may be associated; their intent is to defeat President Nixon's vitally important "Safeguard" anti-ballistic missile plan, as well as his nomination of a highly qualified and experienced security officer to the Subversive Activities Control Board.

By trying to identify me as a "Nazi" and the guiding force behind some voluntary citizens' efforts to defend our nation from Soviet missiles, as well as a backer of internal security, they hope to show "guilt by association," and to accomplish their political aim.

It should go without saying that the accusations of Pearson and Anderson are a fabric of falsehood such as these two are famous for. I am certainly not a Nazi, and never have been.

I am a member of Liberty Lobby and, as all members, have had to sign a Loyalty Oath that reads: (1) I certify that I do not advocate nor do I belong to any group which advocates the violent overthrow of the government of the United States; (2) I believe in the Constitution; (3) I place my allegiance to the Republic of the United States above that which I give to any other temporal power, party, or faction.

# Dodd Wins Round Over Columnists

WASHINGTON (AP) — A federal judge has ruled columnists Drew Pearson and Jack Anderson are liable for damages for using files stolen from the office of Sen. Thomas J. Dodd, D-Conn.

The summary judgment against the columnists was made yesterday at Dodd's request in U.S. District Court. But Judge Alexander Holtzoff said the question of damages will have to be settled at a later trial.

Dodd is suing Pearson and Anderson for \$1 million.

The columnists have conceded writing articles based on material allegedly taken from Dodd's files by several of the senator's employees. The articles dealt largely with the Connecticut Democrat's finances.

Dodd was censured by the Senate June 22 for using political funds to pay personal bills.

Holtzoff said his ruling concerned only whether a person is liable for damages if he receives purloined documents and uses the information they contain.

The judge rejected Dodd's contention that his rights to privacy were violated, citing the public nature of his office.

[REDACTED]

I had a better case against these phonies than even Senator Dodd. Sen. Dodd's case had two flaws. He IS a public figure. And (according to some accounts) he was poorly represented.

Had I been in Washington I would have gone all out to expose these phonies.

# Conservatives Plan Big Victory Party

Tuesday, Oct. 18, 1966

SAN FRANCISCO CHRONICLE

Drew Pearson

Today's column is by Drew Pearson and Jack Anderson

AN IMPORTANT "Conference of Conservatives" is to be held in Washington this winter to celebrate the promised victories of Ronald Reagan in California, Lurleen Wallace in Alabama, Brigadier General Harrison Thyng in New Hampshire, Claude Kirk in Florida, and other right-wing candidates whom the Liberty Lobby and extremist groups are backing.

To arrange for the convention, Curtis B. Dall, ex-son-in-law of Franklin D. Roosevelt, dropped into Liberty Lobby headquarters the other day to sign a letter to members asking them to vote on who should call on President Johnson to present right-wing views.

\* \* \*

THOUGH MEMBERS of right-wing groups don't like to have their operations reported in the press, this column can reveal that an argument took place between Dall and Willis A. Carto, founder of the Liberty Lobby, as to whether Kenneth Goff should be on the delegation to see the President.

Goff is a former Communist who later teamed up with rabble-rousing, anti-Semitic Gerald L. K. Smith and is now a member of the secret board which controls the Liberty Lobby. Dall, who is chairman of the Liberty Lobby's board of policy, argued that Goff was too controversial to be on the seven-man delegation to call at the White House.

Carto, Dall, since divorced by Anna, a well-known daughter of the late President, has been embraced in business in "the South" and has been a front man for the Liberty Lobby. He has also been

active in the Constitution Party which urges American withdrawal from the United Nations, the repeal of Federal income and State inheritance taxes.

Whether President Johnson chooses to see the delegation of conservatives or not, we believe that the public is entitled to know something of their operation.

The Liberty Lobby office is located at 132 Third Street, S.E., in Washington and has a working relationship with the United Republicans of America under Bruce Evans, whose goal is to have the conservatives take over the Republican party.

\* \* \*

CHIEF FUNDS for the Liberty Lobby are raised from individual subscribers and from periodic mail appeals to a list of right-wing sympathizers. One week's mailing in August brought in approximately \$100,000. (\*\*\*)

Among its more generous contributors have been Conrad Chapman of Boston, J. M. Few of the Sun Oil Co. in Philadelphia, Mrs. Evelyn Beck of Namo, Calif., E. M. Mettler of Shafter, Calif.

Most important and vicious contribution which the Liberty Lobby has made to the political picture—at least openly—was the six-page smear sheet called, "LBJ: A Political Biography," of which about 1 million copies were circulated throughout the United States during the 1964 presidential election.

Despite this, the Liberty Lobby demands a chance to send a delegation to see President Johnson during the "Conference of Conservatives."

(Copyright, 1966)

(\*\*\*) Good question: What was the "take" the month following the above free publicity? "Non-profit"???

X The article of Feb. 17th, 1967 is a sequel to the above. By inference and innuendo, Holt is hinted to be associated with ex-Communists, anti-Semites, "vicious contributions" and secretive companions.

Another pertinent question: What secret pipe-line or connivance or conspiracy or infiltration or bug may have been the instrument of the authors?

The word "Liberty" is used in the above article TEN times. It is excellent "pledge" bait.

## PEARSON-ANDERSON

Today's column is by Dr. (G.F. Chrenkolo) (2/17/67) and is an interesting group of articles dated to today against the Soviet-American consular treaty is the Liberty Lobby, whose founder, Willis Carto, is a member of the House of Representatives. "Holt's defeat was the defeat of Europe and America."

Senator Karl Mundt (Rep.-S.D.), the most vicious opponent of treaty ratification who has been insistent that the Liberty Lobby to say, once appeared on the Liberty Lobby's radio series. "Congress should not be on this series were named, Everett Dickson (Rep.-Ill.) and Robert Lausche (Dem.-Ohio), both members of the Senate Foreign Relations Committee and both critics of the pact.

These senators may not be fully aware of the Liberty Lobby's background; therefore should be interested in certain private correspondence exchanged between the Liberty Lobbyists. (\*)

IN ONE LETTER to a right-wing leader at Sausalito, Calif., Carto wrote: "There are 600 million Chinese and about 200 million Russians. All united in a determination to destroy the West. And we have been so misled that we live in a dream world — far away from reality. Holt's defeat was the defeat of Europe and America."

"How could we have been so blind? The blame, Holt said, now lies with the door of the International Journal."

According to the Liberty Lobby, the Johnson administration does not want to win the war in Vietnam and is part of a Russian conspiracy not to win.

"LIBERTY LOBBY" is described as a "conspiracy" which has supplied only to Liberty Lobby "pledgers" recently called to "contribute" money to the Liberty Lobby government does not want to win. Liberty Lobby has in its possession a report on the existence of a secret agreement between the Washington regime and the Kremlin which has never been ratified by the Senate — and which indeed is not even known to the vast majority of officials in Washington, but which explains perfectly the reason why we cannot win."

These are some of the nice people — (V) which Senators Mundt, Dickson, and Lausche indirectly supported when they appeared on the Liberty Lobby's radio program.

## Liberty Lobby also liable???

### MORE FREE NATION-WIDE PUBLICITY

Wonder what the "take" was this time? Here again, mysterious seeming "open sesame" and easy access to whatever information the authors desire.

Carto: professional fund raiser and organizer of "non-profit" lobbying groups. The appealing word "Liberty" is usually in the title or slogan. For instance: Liberty & Property, Liberty Lobby, Liberty Letter. Note: in the two articles, the word "Liberty" is used TWENTY TIMES.

If Liberty Lobby had actually been damaged by the two "attacks", an immediate law-suit would seem to have been justified. On the contrary, the free publicity was probably very rewarding to Liberty Lobby coffers.

(X) Inference & innuendo again. See article dated 10/12/66.

This alleged letter was not received. There was no "exchange".

(#) Holt is NOT a member. He belongs to no such group, right, left or conservative.

(\*) Holt's name appears here. Holt has NEVER had even one follower, so he is NOT a "right-wing leader".

This alleged letter was NOT received by Holt.

Was it "PURLOINED" from Liberty Lobby? If it did exist, it was, in fact, the property of Liberty Lobby.

The Lobby files contain hundreds of letters EXCHANGED with important pledges. How come this fabulous letter re a non-member, non-pledger, non-participating nonentity is the one to be "borrowed" — or purloined???

(%) more inference and implied association as in the previous article of 10/18/66.

Question: How many syndicated outlets printed this libel-fable?

Holt has never been a member or "pledger".

Holt has never made any "contribution" what-so-ever, as could be suspected — by a casual reader.

(Z) Speaking of secrets, wonder what secret modus is in use to infiltrate Liberty Lobby two times within four months?

How soon is more free publicity due?

Wonder what the "take" was this time?

(V) "nice people". Sarcasm or more innuendo?

Again: Holt belongs to NO GROUPS, is not a "leader" is not a public figure and has never held any public office of any kind. Holt was NEVER a confidant of Carto's.

The late Fred Allen and Jack Benny pretended to be feuding and achieved nationwide free publicity. It is common for prize fighters and wrestlers to pretend to be mortal enemies to enliven otherwise tame publicity buildups.

The three non-parcell gladiators (Carte, Pearson-Anderson) have milked this ancient ploy dry and still they suck on the teats of the public credulity bag for a few more drops of free publicity Pap.

Pearson-Anderson seem to have been given a skeleton key to the Liberty Lobby's inner sanctum and started sucking with two contrived "knecks" and "revelations" meant L.L. (10/18/66 and 2/17/67). A well calculated "knock" from them is a beast, as Lib. Lob. fared handsomely in the "pledge" department.

In fact, the capers worked so well the same device has now been reprised and three more "knecks" published by the 225 syndicated P-A smear outlets. Each time, the columnists get credit for a scoop. Liberty Lobby gets nationwide free publicity and extra "pledges" chip into the Lib. Lob. kitty.

The free leading, super-patriot, ring master of L.L., realizing that he has over worked this tired old cow, now changes tactics and demands (magots) free time to denounce his denouncers via a letter to the Editor of the San Francisco Chronicle, an underground smear sheet, posing as a "straight" champion of liberty, democracy, etc. The kindly Chron. Editor ran every word of his indignant expose of P-A when he renounces in lordly manner. (How can he be so ungrateful, after all the 450 syndicated blurbs they have donated to him?)

Correction: P-A have repeated this act at least THREE times in 1969 syndicated fairy tales. That adds up to about 5 times 225 publications. About 1125 free blurbs—right???

Now all 225 outlets will, no doubt, grant P-A free time to again denounce Lib. Lob. and Bro. Carte. That charade can last forever.

The Chronicle is the alter ego to The Berkeley Barb—except for the 4 letter words. Like Bro. Carte, The patriotic Chron. denounces communism at every opportunity—The Soviet brand, that is. But these semantic dice are loaded in favor of Viet Cong, 3rd World Liberation Groups, S.D.S., etc.

\*\*\* Super-patriot ceaselessly damns U.S.S.R. communism but is strangely silent about the Chinese-African brands. (WHY BE HALF SAFE???) Perhaps this may help explain the nationwide buildup of this phoney feud and the resulting free publicity so readily granted by the patriotic Chron and all the other 224 blurb outlets. Such free buildups are dear to the free-leading hearts of all demagogues.

Strange bedfellows! Not so strange, since one analyzes the situation and the mickay mouse grand-standers in center stage, and in the welcome glare of the free spotlights of 225 demagogic opportunists.

The late Fred Allen and Jack Benny pretended to be feuding and achieved nationwide free publicity. It is common for prize fighters and wrestlers to pretend to be mortal enemies to enliven otherwise tame publicity buildups.

### 'Political Aims'

Editor — Although I am reluctant to dignify Drew Pearson by refuting his politically motivated attacks against me by comment thereon, the reason for his timing is now clear and deserves notice.

For the past few weeks Pearson and his associate, Jack Anderson, have been attacking me as a "Nazi" or worse. Of course, neither they nor their confederates are interested in me or any organization with which I may be associated; their intent is to defeat President Nixon's vitally important "Safeguard" anti-ballistic missile plan, as well as his nomination of a highly qualified and experienced security officer to the Subversive Activities Control Board.

By trying to identify me as a "Nazi" and the guiding force behind some voluntary citizens' efforts to defend our nation from Soviet missiles, as well as a backer of internal security, they hope to show "guilt by association," and to accomplish their political aim.

It should go without saying that the accusations of Pearson and Anderson are a fabric of falsehood such as these two are famous for. I am certainly not a Nazi, and never have been.

I am a member of Liberty Lobby and, as all members, have had to sign a Loyalty Oath that reads: (1) I certify that I do not advocate nor do I belong to any group which advocates the violent overthrow of the government of the United States; (2) I believe in the Constitution; (3) I place my allegiance to the Republic of the United States above that which I give to any other temporal power, party, or faction.

# Pearson's New Hitler

Drew (Ananias) Pearson is attempting to create a new Hitler and foment a World War III. This newsmagazine has shown and proven time and again that Pearson, the biggest liar since Ananias, is not only Russia's leading propagandist in this country but is its leading military spy. We have shown instances where he has used his subversive "column" to transmit to the Communist military classified military information stolen from the Pentagon by unfortunate persons whom Pearson has both bribed and blackmailed into betraying their country. And just recently (see May CAPSULE NEWS, Page 7) he has used his "column" to destroy the U.S. defenses against an enemy missile attack.

Taking a new tack, he is trying to create a Hitler movement reminiscent of the late 1930's. He has recently been shadow boxing with his secret ally, Willie J. (Tin Cup) Carto, who has put begging by mail fraud on an assembly line basis. In the last few years Carto has taken in over a million dollars in from 30 to 30 "fronts" for his main racket--Liberty Lobby. He has gathered a master sucker list and has "reloaded" this from 20 to 30 times. He has a number of different aliases, mail drops, front men and bag men. He recently sent out a letter to the list, intimating that he was the Republican Party. His report to the Clerk of the House of Representatives said he had taken in \$474,000 on this racket alone.

**Hitler Hokum**--Pearson helps Carto with his rackets in two ways. First, by pretending to pan the Liberty Lobby "movement" and its perpetrator. This makes all decent people think Liberty Lobby is alright, since they don't know that the "feud" between Pearson and Carto is a fake one. Secondly, all totalitarian cuckoos want to tie up with Carto. The trouble is, that the "National Youth Alliance", that Pearson pretends to clapperclaw, is something else again and nothing like the phoney picture that Pearson paints.

In February CN showed that Carto was collecting money (thru the US mails, with no interference by the postal inspectors) from any and all who would fall for it, on the promise to wipe out the narcotics traffic on the campuses--if the people would just come thru with enough "contributions". This is something 568 professional narcotics agents, working full time, have been unable to do in 50 years. He hooked a famous woman writer (Taylor Caldwell) into lending her name as a "front". When she found out what she was mixed up in, she ordered her name withdrawn. Carto then put one of his bagmen (John Acord) up front. Soon Acord and Carto fell out over division of the loot and Acord is now blowing the whistle on Carto to everyone who will listen. Pearson is one of these.

**Name Changed Four Times**--Because CN circulates well in Georgia Carto laid an egg at his bring-your-check-book rally at Georgia Tech. Altho he hooked Gov. Maddox into being the main speaker, only four suckers showed up. They were augmented by 23 students half of whom walked out when Carto began his pitch for money. Next, Carto changed its name to Dangerous Drugs, Inc. and promised to wipe out the traffic in marijuana in the high schools--if worried parents would come thru with enough money for Carto's bank account. He signed the name of a non-existent medic to this letter H. S. Whitaker, MD. This gimmick flopped.

Apparently slap happy by this time, Carto changed its name to Sex Education Foundation and promised to stop the teaching of what is generally known as the facts of life in the schools. That is, if deluded parents would come across with enough loot. Getting away off the track he changed it to American Education Lobby and overnight became a race relations "expert". He begged for \$1,000 "contributions to help young people learn the facts about race relations".

**Pearson Consistent**--While Carto was jumping from pillar to post on this mail fraud racket, Pearson has been consistent. He has continued to call this 4-pronged swindle the "National Youth Alliance" in which he claims Carto is a self-appointed Hitler and is hoping to lead the "youth of America" into taking over the government at Washington. The only question to be resolved is, "Who is the biggest liar, Pearson or Carto?"

SUBJECT: WILLIS ALLISON CARTO, aka  
INFORMATION CONCERNING

This case was reopened in view of an article by DREW PEARSON appearing in the "San Francisco Chronicle" newspaper 4/17/69. This column was devoted to WILLIS CARTO and liberty lobby and in this article there is mention made of the Noontide Press in Sausalito. This is an obvious typographical error and should be the Noontide Press.

The Noontide Press in the past maintained a Post Office Box 713 at the Sausalito, California, Post Office. On 5/15/69, [REDACTED] Postmaster, advised that the Noontide Press, which press formerly held P. O. Box 713, had closed this box on 7/1/67, and left a forwarding address of Post Office Box of 76062, Los Angeles, California.      b6  
b7C

In this connection it is to be noted that the "San Francisco Chronicle" of 5/26/69, carried an article concerning the Noontide Press and listed the address for the Noontide Press as Torrence, California.

An examination of the Marin County Telephone Directories and Street Address Directories failed to disclose any listing for the Noontide Press in Marin County.

On 5/15/69, and on 6/23/69, [REDACTED] was contacted in connection with WILLIS CARTO.      b6  
b7C

[REDACTED] for a group called the Northern League and for the Noontide Press, stated that he has not had anything to do with WILLIS CARTO for years. He stated that he does not belong to the Liberty Lobby or any other group with which CARTO is associated. In fact, he stated it is his opinion that WILLIS CARTO is a phony and he believes that the information printed in PEARSON's column was furnished to PEARSON by CARTO.

The 6/12/69, edition of the "San Francisco Chronicle" newspaper on page 42 contained under the section of Letters to the Editor a letter from WILLIS A. CARTO of Washington, D. C. In this article CARTO makes reference to the article concerning himself by DREW PEARSON and signs himself as the Treasurer of the Liberty Lobby.

In view of the foregoing, it is apparent that the Noontide Press and the Liberty Lobby and WILLIS A.
